The peti. states as follows:-

To the east of the channel in the petis village in the waterspread of the Parayantangal tank there is an extent of more than 15 acres of cultivable dry land which could pay assessment to govt. (vide A and B in plan attached). The peti. darkhasted for about 2 Kanis of this land (marked A in plan), cleared it of stones & made it fit for cultivation and was enjoying the same from 1886-87 paying assessment to govt thereon. The peti. is not aware what became of his darkhast; but the land was entered in his name in No. 6 and Sivaijama assessment was collected from him. The extent of 15 acres was unnecessarily included in Cank poramboke, the Settlement Officers have too entering it as such in their accounts. The peti. had also sunk a well in the land. He presented two darkhasts in 1888 in regd to one of which he was told that it could not be assigned as it formed tank poramboke. But the village officers set up two rich and influential pattadars, made them falsely depose that they had been cultivating the land under Sivaijama & had assigned to them the lands that were not given to the peti. The peti. in vain protested against this to the local officials who place implicit confidence in the reports of the village officials. The peti. had also paid prohibitory assessment for two years. The peti. prays that the records may be sent for and perused, that the matter may be enquired into through the Tahsildar and the Sub-Collr. & that the land in question may be assigned to him.
