DRAFT NOTIFICATION.

His Excellency the Governor in Council is pleased to notify, under the provisions of section 4 of the Madras Forest Act (V of 1882), that it is proposed to constitute the block of land described in the schedule hereto annexed, "reserved forests" under the Act.

SCHEDULE.

District.	Taluk.	Number and name of block.	Boundaries.
North Arcot.	Palmaner..	147. Basavareddipalle, extension A.	BASAVAREDDIPALLE EXTENSION A. <i>North-east.</i>—Starting from the north-east corner of Basavareddipalle reserve a straight line to the westernmost point of 136. Then to the north-west corner of 137. Then to the south-east corner of the same field. Then the south-west side of 138 to its southernmost point. Then to the westernmost point of 149. Then its west side to the north-west corner of No. 152. Then the west sides of Nos. 152, 153 and 163 to the south-west corner of the last. Then a straight line to the westernmost point of 169. Then the west sides of 169 and 170 to the south-west corner of the latter. Then to the southernmost point of 337. Then to the south-west corner of No. 428. Then the south side of No. 428 and the west side of 436 to the southernmost point of the latter. Then a straight line to the village boundary stone at the easternmost point of 453 all of Karadimadugu; then this village boundary southwards to where it crosses the northern boundary of the Morthana reserve. <i>South.</i>—The Morthana reserve boundary to its north-west corner. Then a straight line to the south-east corner of Basavareddipalle reserve. <i>North-west.</i>—The east boundary of the Basavareddipalle reserve to the starting point.
		147. Basavareddipalle, extension B.	<i>North.</i>—Starting from a point about four chains west by north of the point of trijunction of the villages of Moram, Kolamasanapalle and Kurmayi east by southwards to this trijunction; then east by north along the south boundaries of Moram and Jallipeta villages to the north-west corner of survey No. 1 of Kurmayi. <i>East.</i>—Then the west side of this field to its south-west corner; then to the north-west corner of survey No. 52; then its west side and the west and south sides of survey No. 53 to the south-west corner of survey No. 54; then to a slab about six chains south of the south-east corner of that field; then to a slab about seven chains west of the westernmost point of survey No. 162; then to a slab about four chains north-west of the westernmost point of survey No. 176; then to a slab about ten chains west by south of the south-west corner of survey No. 185, all of Kurmayi; then to the south-west corner of survey No. 7 of Karadimadugu; then to the north-east corner of Basavareddipalle reserve. <i>South.</i>—The Basavareddipalle reserve to the east side of survey No. 751 of Kolamasanapalle. <i>West.</i>—Then the east side of the last field to its north-east corner; then to the south-east corner of survey No. 750; then the east sides of survey Nos. 750, 749, 748, 695, 696, 683, 687, 686, 685 and 683 to the north-east corner of the last; then to the north-east corner of survey No. 682; then its north side to its north-west corner; then to the north-east corner of survey No. 667; then a straight line northwards to a slab about four chains south of the south-east corner of survey No. 403; then to a slab about nine chains north-east of north-west corner of the same field; then to a slab about three chains south of the south-east corner of survey No. 649; then eastwards for about three chains to a slab; then to the south-east corner of survey No. 666; then the east and north sides of this field and the north sides of survey Nos. 665 and 664 to a point about two chains south of the south-east corner of survey No. 663; then to a slab about five chains east by north of the north-east corner of survey No. 662, all of Kolamasanapalle; then north-east to the starting point.

2. His Excellency the Governor in Council is further pleased to appoint M.R.Ry. K. Ganapayya Garu, to be the Forest Settlement-officer, who shall enquire into and determine the existence, nature and extent of any rights claimed by, or alleged to exist in favour of, any person in or over land comprised within such limits, or to any forest produce of such land, and deal with the same as provided in Chapter II of the said Act; and the District Forest-officer, North Arcot, for the time being, to attend on behalf of Government during the enquiry. ;

3. His Excellency the Governor in Council is further pleased, under the authority vested in him by section 14 of the said Act, to appoint the Collector of North Arcot, for the time being, to hear appeals from orders passed by the Forest Settlement-officer under sections 11, 12 and 13 of the said Act.

(Signed) C. M. McCARTY,
District Forest-officer.

Secretary.

His Excellency the Governor in Council is pleased to order
 under the provisions of section 10 of the Forest
 Act (No. 1882) that it is proposed to constitute the
 block of land described in the Schedule hereto, a reserved
 forest.

Dist. Taluk. Village.	Name of Block.	Boundaries.
North Malabar	North Malabar	Starting from a point about 4 chains West by North of the point of junction of the village of Moram Kollam and Karadina.
North Malabar	North Malabar	Then to a slab about 6 chains South of the South East Corner of the field, then to a slab about 7 chains West of the Westernmost point of Survey No. 162, then to a slab about 4 chains North West of the Westernmost point of Survey No. 185, then to the South West Corner of Survey No. 7 of Karadina.
North Malabar	North Malabar	Then to the North East Corner of Basavareddipalle.

to this junction. The last line is taken along the South village boundary of Moram and Jallipeta to the North West Corner of Survey No. 1 of Karadina. East. Then its West side of this field to the South West Corner, then to the West side of Survey No. 52. Then to its West side and West the West and South side of Survey No. 58. Then to a slab about 6 chains South of the South East Corner of the field, then to a slab about 7 chains West of the Westernmost point of Survey No. 162, then to a slab about 4 chains North West of the Westernmost point of Survey No. 185, then to a slab about 10 chains West by South of the South West Corner of Survey No. 185 all of Karadina, then to the South West Corner of Survey No. 7 of Karadina, then to the North East Corner of Basavareddipalle.

FURTHER PAPERS.

G.O.	No.	Department.	Date.

BOARD OF REVENUE (LAND REVENUE), FOREST No. 63, 15TH FEBRUARY 1897.

PROCEEDINGS OF THE BOARD OF REVENUE (LAND REVENUE).

READ—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 1825, dated 3rd December 1895 :—

Read—the following letter from the Collector of North Arcot, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated 5th October 1895, T. C. No. 32 :—

I have the honour to forward herewith draft notification, area statement, sketch-map and the certificate of the Basavareddipalle extensions for notification under section 4.

These blocks form part of the old Madigabanda proposed reserve for which a single map was prepared by the Madras Revenue Survey office; as this block was found to contain large areas of cultivation as well as many villages, it was deemed advisable to split it up into three smaller blocks so as to exclude as much of these as possible. These blocks are called Basavareddipalle extensions A and B and Musali-madagu extension; as a fresh map of the last is required, the Survey office have prepared one and the proposals for this block have been lately submitted.

The map accompanying the present proposal is that of the old Madigabanda reserve upon which the limits of the Basavareddipalle extensions have been marked. The map is a rough one but contains all the necessary information and will, I think, serve its purpose until settlement is over and the final map is prepared. It has been submitted to save delay.

ENCLOSURE No. 1.

Certificate.

Certified that the Basavareddipalle extension blocks A and B were selected after a personal inspection by Mr. A. M. Clay, late Forest Ranger, in September 1892, boundaries perambulated by Forest Ranger S. Ramasamiah in April 1895, and preliminarily demarcated by both Mr. A. M. Clay and S. Ramasamiah in July 1893 to October 1894 and the block was inspected by the District Forest-officer on the 6th April 1895 and the demarcation was not checked by him.

(Signed) C. McARTHUR,
District Forest-officer,
North Arcot.

ENCLOSURE No. 2.

STATEMENT showing the area and condition of the already existing reserved forests in the Palmaneru taluk.

Area of taluk.	Extent of Government lands.		Area of reserves already notified under section 16.	Area of reserves under settlement.	Area of the block proposed for reservation.	Character of the land proposed for reservation, how much forest and how much grass land.	Sketch-map.
	Occupied.	Unoccupied.					
ACS. 280,960	ACS. 37,308	ACS. 243,652	ACS. 78,132	ACS. 9,550	Basavareddipalle extension B.	ACS. 5,760	Sketch-map sent herewith.
					do. A.	1,760	
					Total ..	7,520	
						Covered with fair scrub. The prevailing growths are <i>Albizia amara</i> . One-fourth grass land and three-fourths forest.	

ENCLOSURE No. 3.—Draft notification.

ENCLOSURES Nos. 4 AND 5.—Key-map and sketch-map.

Endorsement by E. P. POPERT, Esq., Conservator of Forests, Central Circle, dated Madras, 8th October 1895, No. 670.

Forwarded.

Resolution—Forest Mis. No. 1825, dated 3rd December 1895.

Of the two extensions proposed to be reserved in the letter read above, extension B block appears to be surrounded on almost all its sides by the cultivated lands of the villages of Jallipeta, Moram, Kurmayi, Karadimadugu, Kolamasanapalli and Palmanéru, and sufficient land does not seem to have been left for the free use of the villagers concerned.

2. There are already, in the vicinity of the proposed blocks, more than 53 square miles of forests reserved and the Board considers that the boundary should be amended by cutting off two projecting portions on the west and north and by excluding the hamlet of Maddibanda as indicated in blue pencil on the map. The Collector is therefore requested to submit an amended notification with reference to the above remarks.

3. It would also appear that the boundary of the Basavareddipalle reserve is not correctly shown on the map as it seems to include a portion of the cultivation of the hamlet mentioned above which is not borne out in the final notification. The map should, if necessary, be corrected.

(True Copy and Extract.)

READ—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 393, dated 17th March 1896:—

Read—the following letter from the Collector of North Arcot, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated Vellore, 10th February 1896, Ref. on Cur. No. 118:—

In accordance with paragraphs 1 and 2 of Board's Proceedings, Forest Mis. No. 1825, dated 3rd December 1895, I have the honour to forward a revised draft notification for the Basavareddipalle extension B block.

2. With reference to paragraph 3, the boundary line shown is the southern boundary of the proposed reserve and not the northern boundary of the Basavareddipalle reserve. The Madigabanda hamlet being now abandoned, the proposal was to disregard it in drawing the straight lines for boundaries of the proposed reserve as shown in the map.

3. The sketch-map is herewith returned.

ENCLOSURES Nos. 1 to 4.—Draft notification, &c.

Endorsement by E. P. POPERT, Esq., Conservator of Forests, Central Circle, dated Chinna Salem, 26th February 1896, No. 1536.

Forwarded.

Resolution—Forest Mis. No. 393, dated 17th March 1896.

The amended proposals for the reservation of the Basavareddipalle extensions do not appear to have been revised with reference to the petition of the inhabitants of Kurmayi, &c., villages, transferred to the Collector for consideration with reference to the Proceedings first read above, and in view of the policy recently declared by Government the Board is of opinion that some consideration should be shown to their petition. The Collector is therefore requested to report whether he has any objections to adopt the boundary as now further amended by the Board (*vide* alteration in the sketch) and to submit a revised draft notification accordingly.

2. With reference to the first sentence of paragraph 2 of the Collector's letter read above and paragraph 3 of Board's Proceedings, Mis. No. 1825, dated 3rd December 1895, it is observed that in the draft notification first submitted by the Collector, the southern boundary of the proposed extension was given as the north boundary of the original reserve from its north-east to its north-west corner; and this boundary as shown on the map, cuts a portion of the cultivation of the hamlet referred to and is evidently incorrect.

(True Copy and Extract.)

(Signed)

R. C. C. CARR,
Acting Secretary.

To the Collector of North Arcot, with map, notification and area statement and key-map.

Copy to the Conservator of Forests, Central Circle.

READ—also the following letter from the Collector of North Arcot, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated Vellore, 21st December 1896, Dis. No. 841 :—

[Board's Proceedings, Forest Mis No. 393, dated 17th March 1896.]

With this office No. 32, dated 5th October 1895, proposals were submitted for the reservation of the Basavareddipalle extension A and B blocks. The papers were returned by the Board with Proceedings, No. 1825, dated 3rd December 1895, for the reduction of the B block by cutting off two projecting portions to the north and west.

2. Meanwhile a petition against the reservation was presented to the Board by the inhabitants of Kurmayi, a village on the north-east margin of the B block. This petition was transferred to the Collector in Proceedings, No. 1, dated 6th January 1896, for consideration with reference to Proceedings, No. 1825, mentioned afore to whom also the petitioners were referred for orders.

3. The petition was considered in due course and for the reasons below was rejected and the draft notifications, &c., were resubmitted, revised in accordance with the Board's orders above referred to.

4. All the papers have again been returned with Board's Proceedings, No. 393, dated 17th March 1896, with suggestions for a further reduction in accordance with the request of the Kurmayi petitioners and the Collector has been directed to report whether he has any objection to the boundary as now further amended and to submit a revised notification accordingly.

5. I have therefore the honour to report the reasons for the rejection of the petition and to resubmit the papers for the Board's final orders together with an alternative draft notification for the B block following the most recent alterations suggested by the Board.

6. The portion of Kurmayi village lands included in the original proposals submitted with this office, No. 118, dated 10th February 1896, is 1,001 acres and if carried through the reservation will leave the village in the following situation :—

Population ...	...	...	...	...	...	...	...	...	...	785
Occupied area including cultivation	...	...	...	...	...	...	...	...	...	ACS. 814
Unoccupied assessed land ...	...	...	...	...	...	...	...	...	...	340
Poramboke ...	...	...	...	...	...	...	...	...	...	592

As this portion of the Palmanéru taluk is comparatively well wooded, the scrub jungle extending almost to the walls of the adjoining village of Palmanéru, the above poramboke area left for village use is ample for the domestic requirements of the people.

7. The petitioners assert :—

(i) *That the forests are the sole source of everything to them.*—The adjoining village of Palmanéru is supplied from the scrub around it with its fuel requirements and there are no industrial or other demands for fuel or other forest produce from Kurmayi.

(ii) *That the adjoining forests were set apart for them on special request.*—There is no trace of any such orders and as the forests have not yet been preliminarily notified it is extremely doubtful that previous requests to this effect had been made.

(iii) *That the line crosses their patta and inam lands.*—An old line since abandoned included a portion of survey No. 52 and the whole of survey No. 1 of the village which are patta lands. Both these have been excluded in the proposals last submitted to the Board.

(iv) *That their village is surrounded by forests on all sides.*—A reference to the map shows that there is no truth whatever in this.

(v) *That they lose daily 10 to 20 head of cattle by the ravages of wild beasts—*an obvious exaggeration. There have been no previous complaints of this nature from this or adjoining villages and there is no reason for assuming the existence of any reasonable grounds for complaint on this score.

RESOLUTION—Forest No. 63, dated 15th February 1897.

With his letter disposed of in the Proceedings first read above, the Collector of North Arcot submitted proposals for the reservation of Basavareddipalle extensions A and B blocks in the Palmanéru taluk. It was found that sufficient land outside the proposed extension B had not been left for the free use of the villagers concerned in the case of some villages, and the proposals had therefore to be returned to the Collector for revision with reference to certain suggestions made by the Board, as indicated in blue pencil on the sketch-map. Meanwhile, the Board received a petition from the ryots of the Kurmayi, &c., villages, complaining against the proposed reservation of extension B, and requested the Collector to consider the petition with reference to the above-quoted Proceedings.

2. While resubmitting the proposals, the Collector did not make mention of the petition above referred to. The Board therefore made further alterations in the sketch-map to suit the requirements of the petitioners, and requested the Collector to report whether he had any objection to adopt the boundary as further amended and to resubmit a revised draft notification accordingly.

3. The Collector now reports that the petition above referred to was rejected by him on the grounds specified in his letter. The Board considers that the reasons which actuated the Collector's refusal to comply with the petitioners' requests were amply sufficient. Similar objections could be urged by the villagers of any locality where the reservation of adjacent forests trenches in any way on privileges formerly enjoyed.

4. The Collector adds that the portion of the Kurmayi village lands included in the proposals for extension B, submitted with the Collector's letter disposed of in the Proceedings of 17th March 1896, covers an area of 1,004 acres and that, as this portion of the Palmaneru taluk is comparatively well wooded, an area of 592 acres of poramboke lands left for the village is amply sufficient to meet the requirements of the villagers.

5. The Collector also submits for approval two alternative draft notifications for extension B, one following the latest amendments made by the Board in its Proceedings of March 1896, so as to throw out the Kurmayi village altogether and a portion of the Karadimadugu village, and another as first suggested by the Board including portions of these villages.

6. The draft notification in respect of extension B, as first amended by the Board, and that for extension A the reservation of which seems unobjectionable will be submitted to Government for approval and publication in the *Fort St. George Gazette*.

MARCH.

Reserved Forests.

The draft notification, under section 4 of the Forest Act, for the proposed constitution of the Basavareddipalle extensions A and B blocks, in the Palmanér taluk, as —, ordered to be published in the Fort St. George and North Arcot District Gazettes.

GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 63, dated 15th February 1897:—

Read—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 1825, dated 3rd December 1895:—

Read—the following letter from the Collector of North Arcot, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated 5th October 1895, T. C. No. 32:—

I have the honour to forward herewith draft notification, area statement, sketch-map and the certificate of the Basavareddipalle extensions for notification under section 4.

These blocks form part of the old Madigabanda proposed reserve for which a single map was prepared by the Madras Revenue Survey office; as this block was found to contain large areas of cultivation as well as many villages, it was deemed advisable to split it up into three smaller blocks so as to exclude as much of these as possible. These blocks are called Basavareddipalle extensions A and B and Musali-madagu extension; as a fresh map of the last is required, the Survey office have prepared one and the proposals for this block have been lately submitted.

The map accompanying the present proposal is that of the old Madigabanda reserve upon which the limits of the Basavareddipalle extensions have been marked. The map is a rough one but contains all the necessary information and will, I think, serve its purpose until settlement is over and the final map is prepared. It has been submitted to save delay.

ENCLOSURE No. 1.

Certificate.

Certified that the Basavareddipalle extension blocks A and B were selected after a personal inspection by Mr. A. M. Clay, late Forest Ranger, in September 1892, boundaries perambulated by Forest Ranger S. Ramasamiah in April 1895, and preliminarily demarcated by both Mr. A. M. Clay and S. Ramasamiah in July 1893 to October 1894 and the block was inspected by the District Forest-officer on the 6th April 1895 and the demarcation was not checked by him.

(Signed) C. McARTHUR,
District Forest-officer,
North Arcot.

ENCLOSURE No. 2.

STATEMENT showing the area and condition of the already existing reserved forests in the Palmanéru taluk.

Area of taluk.	Extent of Government lands.		Area of reserves already notified under section 16.	Area of reserves under settlement.	Area of the block proposed for reservation.	Character of the land proposed for reservation, how much forest and how much grass land.	Sketch-map.

					do. A.	1,760	
					Total ..	7,520	
						Covered with fair scrub. The prevailing growths are <i>Albizia amara</i> . One-fourth grass land and three-fourths forest.	

ENCLOSURE No. 3.—Draft notification.

ENCLOSURES Nos. 4 AND 5.—Key-map and sketch-map.

Endorsement by E. P. POPERT, Esq., Conservator of Forests, Central Circle, dated Madras, 8th October 1895, No. 670.

Forwarded.

Resolution—Forest Mis. No. 1825, dated 3rd December 1895.

Of the two extensions proposed to be reserved in the letter read above, extension B block appears to be surrounded on almost all its sides by the cultivated lands of the villages of Jallipeta, Moram, Kurmayi, Karadimadugu, Kolamasanapalli and Palmanéru, and sufficient land does not seem to have been left for the free use of the villagers concerned.

2. There are already, in the vicinity of the proposed blocks, more than 53 square miles of forests reserved and the Board considers that the boundary should be amended by cutting off two projecting portions on the west and north and by excluding the hamlet of Maddihanda as indicated in blue pencil on the map. The Collector is therefore requested to submit an amended notification with reference to the above remarks.

3. It would also appear that the boundary of the Basavareddipalle reserve is not correctly shown on the map as it seems to include a portion of the cultivation of the hamlet mentioned above which is not borne out in the final notification. The map should, if necessary, be corrected.

NOTIFICATION.

His Excellency the Governor in Council is pleased to notify, under the provisions of section 4 of the Madras Forest Act (V of 1882), that it is proposed to constitute the blocks of land described in the schedule hereto annexed "reserved forests" under the Act.

SCHEDULE.

District.	Taluk.	Number and name of block.	Boundaries.
North Arcot.	Palmaner..	147. Basavareddipalle, extension A.	<i>North-east.</i> —Starting from the north-east corner of Basavareddipalle reserve a straight line to the westernmost point of 136. Then to the north-west corner of 137. Then to the south-east corner of the same field. Then the south-west side of 138 to its southernmost point. Then to the westernmost point of 149. Then its west side to the north-west corner of No. 152. Then the west sides of Nos. 152, 153 and 163 to the south-west corner of the last. Then a straight line to the westernmost point of 169. Then the west sides of 169 and 170 to the south-west corner of the latter. Then to the southernmost point of 337. Then to the south-west corner of No. 428. Then the south side of No. 428 and the west side of 436 to the southernmost point of the latter. Then a straight line to the village boundary stone at the easternmost point of 453 all of Karadimadugu; then this village boundary southwards to where it crosses the northern boundary of the Morthana reserve. <i>South.</i> —The Morthana reserve boundary to its north-west corner. Then a straight line to the south-east corner of Basavareddipalle reserve. <i>North-west.</i> —The east boundary of the Basavareddipalle reserve to the starting point.
Do.	Palmaner..	147. Basavareddipalle, extension B.	<i>North.</i> —Starting from a point about four chains west by north of the point of trijunction of the villages of Moram, Kolamasanapalle and Kurmayi east by southwards to this trijunction; then east by north along the south boundaries of Moram and Jallipeta villages to the north-west corner of survey No. 1 of Kurmayi. <i>East.</i> —Then the west side of this field to its south-west corner; then to the north-west corner of survey No. 52; then its west side and the west and south sides of survey No. 53 to the

south-west corner of survey No. 54; then to a slab about six chains south of the south-east corner of that field; then to a slab about seven chains west of the westernmost point of survey No. 162; then to a slab about four chains north-west of the westernmost point of survey No. 176; then to a slab about ten chains west by south of the south-west corner of survey No. 185, all of Kurmayi; then to the south-west corner of survey No. 7 of Karadinadugu; then to the north-east corner of Basavareddipalle reserve.

South.—The Basavareddipalle reserve to the east side of survey No. 751 of Kolamasanapalle.

West.—Then the east side of the last field to its north-east corner; then to the south-east corner of survey No. 750; then the east sides of survey Nos. 750, 749, 748, 695, 696, 688, 687, 686, 685 and 683 to the north-east corner of the last; then to the north-east corner of survey No. 682; then its north side to its north-west corner; then to the north-east corner of survey No. 667; then a straight line northwards to a slab about four chains south of the south-east corner of survey No. 403; then to a slab about nine chains north-east of north-west corner of the same field; then to a slab about three chains south of the south-east corner of survey No. 649; then eastwards for about three chains to a slab; then to the south-east corner of survey No. 668; then the east and north sides of this field and the north sides of survey Nos. 665 and 664 to a point about two chains south of the south-east corner of survey No. 663; then to a slab about five chains east by north of the north-east corner of survey No. 662, all of Kolamasanapalle; then north-east to the starting point.

2. His Excellency the Governor in Council is further pleased to appoint M.R.Ry. K. Ganapayya Garu, to be the Forest Settlement-officer, who shall enquire into and determine the existence, nature and extent of any rights claimed by, or alleged to exist in favour of, any person in or over land comprised within such limits, or to any forest produce of such land, and deal with the same as provided in Chapter II of the said Act; and the District Forest-officer, North Arcot, for the time being, to attend on behalf of Government during the enquiry.

3. His Excellency the Governor in Council is further pleased, under the authority vested in him by section 14 of the said Act, to appoint the Collector of North Arcot, for the time being, to hear appeals from orders passed by the Forest Settlement-officer under sections 11, 12 and 13 of the said Act.
