Abstract.—Submitting the revised programme of famine relief works of the Anantapur district for 1896–97.

Resolution—dated 13th March 1897, No. 226.

The following letter will be despatched to the Secretary to the Government of India, Revenue and Agricultural Department, Calcutta:—

"Sir,—Under instructions conveyed in Rule VII of the Appendix to the Government of India in Resolution No. 8-52, dated 21st March 1892, as modified by paragraph 2 of Mr. Ibbetson's circular letter No. 16-36, dated 30th July 1894, I am directed to submit herewith a statement showing the provision made for famine-relief works in the four Deccan districts noted in the margin in which relief is now being given.

Kurnool.	Anantapur.
Bellary.	Cuddapah.

2. The statement contains information revised up to the end of December last in accordance with the supplementary programmes submitted by the Collectors concerned.

3. The district programmes have been thoroughly overhauled by the Famine Commissioner, and adequate arrangements have been made for the maintenance on the list of a sufficiency of works available for execution as famine-relief works."

2. Copy of the above letter will be submitted for the information of Government together with copies of programmes prepared in the form prescribed in the Famine Code and the original statements for the Kurnool district showing the lists of works exhausted in, and added to, the Collector's programme for 1896–97. The Collectors of the other districts concerned are requested to expedite the submission of similar lists for their districts.

3. All these programmes were thoroughly reviewed in B.P., dated 1st January 1897, No. 1. The attention of the Public Works Department should, the Board considers, be drawn to the paucity of sanctioned irrigation works in Cuddapah.

FAMINE STATEMENT D.

[N.B.—*Numbers are shown on thousands.*]

District.	Population.	Maximum number of persons for whom relief may be required daily in the event of serious famine.	Number of persons provided for by relief works daily for three months.				Remarks.
			Large works.		Small works.		
			Sanctioned	Not sanctioned	For relief of agricultural population in neighbourhood of villages	Others.	
1	2	3	4	5	6	7	8
Kurnool	816	163	205	318	91	3	These programmes include generally the construction and repair of irrigation works and roads and miscellaneous works for the improvement of supply of drinking water and village sanitation, the clearance of village sites and the like, as well as well-sinking, &c., to be executed with the aid of loans under the Land Improvement Loans Act.
Bellary	881	176	277	49	56	..	
Anantapur	727	145	106	50	50	..	
Cuddapah	1,269	254	22	160	80	14	

2 The provision made is generally adequate and exceeds the maximum requirements in all districts. The numbers that can be provided for on sanctioned works also exceed the expected maximum in Kurnool and Bellary. More than two-thirds of the large works in the Anantapur district are sanctioned. In Cuddapah, however, the proportion of the sanctioned works is very small and this is ascribed by the Collector to the fact that the Public Works Department is behindhand in the preparation of estimates for the irrigation works. The attention of the Public Works Department will be again invited to this matter.
