[illegible]

The humble petition of the River Katties under
the Gumbum Tank, Carnool District.

I That the Edmington Tank was constructed
about more than 500 years ago. When the
petitioner's ancestors were employed for
punctual and careful irrigation of water
to the lands cultivated under the said tank.

II That the petitioners had been enjoined
is asserted at the fact the
these appointments as heretofore up to this time
had of used more at the

At beginning they were granted exemption of
landed for their services but when inam Commission
was established all the inams were converted to
personal on quit rents being fixed. After
this Commission took place the petitioners were
remunerated for their services at 5 Rupees
each per mensem and ever since the

the petitioners were doing their duties satisfactorily
duly enjoying the small pay sanctioned.

That although the duties with which the
petitioners were entrusted are important and
the remuneration for such service is too scanty
yet they had to satisfy with the same in
consideration of the appointments being hereditary
and coming to their legal descendants.

That when things are going on as represented
above the Honorable Board of Revenue for
the reasons quite unknown to the petitioners
had issued orders in June last, that the
pay of the poor petitioners should be reduced
from 5-6 Rs. to 4 Rs. The petitioners had to
venture to come forward to appeal against
the same not in consideration of any other thing
except the only fact of their poverty. The loss of
one Rupee in a month for the petitioners is
so painful that two of the members to each
family would have to starve as it was so
arranged that 5 Rupees which they were
getting for a long time was distributed
among the members of these families
in which each member has not 8 annas a month.

That the Government upon the above
representations of the petitioners will

will have to consider that the savings
of small amount of this kind made up by
throwing the petitioners into such calamity
as mentioned above would answer in no
way for any purpose.

That the petitioners were helpless poor rude
creatures and their position is such as to find
it so difficult for them to get a petition
like this drafted in order to bring their
grievances to the notice of the merciful
Government. Nearly six months had
taken to get this petition drafted. The
petitioners under the circumstances seek
redress. For which kindness the petitioners
always pray as in duty bound.

Humbly beg to remain

and obedient servants.
