The peti. states as follows:-

The peti. presentes many petitions to Govt which were transferred to the Tahsildar who sent for the peti. and asked him whether he was prepared to deposit security. The peti. however said that he was too poor to do this but promised to remit the collections (of tolls) once in every three months or once in a week. He suggestes also that he might be appointed a contractor or on a monthly salary or that he might be paid commission. He prays that one of these courses may be adopted for some time on trial. The present contractors oppress ryots and cart drivers much. The peti. is a poor man with a large family thrown on his support. He therefore prays that Govt will be pleased to protect him.
