Read—the following letter from J. G. HORSFALL, Esq., Collector of Ganjam, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Northern Circle), dated Russellkonda, 3rd October 1887,
 No. ¹¹⁸⁷ F. 478 :—

I have the honour to report the completion of the settlement of No. I, Kaliyamba reserved forest in the Goomsur taluk of this district.

- (1) Extract from the B. register of claims disposed of.
- (2) Numerical statement of claims filed and their disposal.
- (3) Draft notification under section 16 with remarks showing admitted claims.
- (4) Sketch-map.
- (5) I enclose the District Forest-officer's statement of area and condition.

The reserve consists of good sâ forest on the low ground, the sâ disappearing on the hills. The Local Fund road is entered as part of the eastern boundary of the reserve, but of course the reserve boundary will stop within 22 yards of the centre of the road.

I recommend that the 1st January 1888 be fixed as the date upon which the forest becomes a reserved forest.

From M.R. Ry. A. SURYANARAYANA NAIDU Gar, Forest Settlement-officer of Goomsur Division, Ganjám, to the Collector of Ganjám (through the District Forest-officer, Ganjám), dated Russellkonda, 30th September 1887, Forest No. 71.

In continuation of my letter Forest No. 67, dated the 12th September 1887, I have the honour to report the conclusion of the settlement of the proposed Kaliyamba reserved forest in the Goomsur taluk, all the events noted in section 16 of the Forest Act having occurred.

- honour to report the conclusion of the settlement of the Goomsur taluk, all the events noted in section 16 of the Forest Act having occurred.
2. The area was included as item No. I in the notification under section 4 issued by Government in the *Fort St. George Gazette*, dated 28th October 1884, and my appointment as Forest Settlement-officer was published in the *Fort St. George Gazette*, dated 24th July 1885.
3. The proclamation under section 6 regarding this reserve was issued by me in the District Gazette of the 7th November 1885 and was duly published in the towns and villages adjoining the block. Notices were also served on all the known owners or occupiers of land in and adjoining the block as required by the Act.
4. The following are the most important facts connected with this block.
5. The area of this reserve is 5,200 acres. Eight claims were preferred to various rights, of which five claims were admitted and three rejected. There were four claims to rights of way, two to wood-cutting and grazing and two to rights of ownership to lands.

6. The last of these claims was disposed of on the 26th September 1887, and in no case has there been any appeal against my decisions.

7. *Rights of way.*—Fourteen paths were claimed within the reserve as easements of necessity, of which twelve were admitted and two rejected.

8. The ryots of two villages claimed right to cut wood for agricultural and domestic purposes and to graze cattle within the reserve. These claims were rejected.

9. The two claims to lands were admitted. In one case the patta land to the extent of 2.21 acres assessed at Rs. 3-4-0 was acquired for the reserve, as desired by the District Forest-officer, by agreement with the claimant under section 10 (i) (1) of the Forest Act for Rs. 39. The amount was paid to the party and a deed of conveyance executed by him as required by Board's Proceedings, dated 7th July 1885, No. 1996.

In the other case a small piece (13 cents) of the land held by the claimant under the waste land rules was excluded from the limits of the reserved forest by a diversion of the boundary.

10. The four public rights of way through the reserve, brought to my notice by the Revenue Inspector of the Vanagiri range and not objected to by the District Forest-officer, have been admitted by me.

11. The following statements are submitted herewith:—

(1) A numerical statement showing the number of claims and their disposal.

(2) Signed copy of the B. Register of claims.

(3) Sketch-map of the reserve showing the admitted rights of way.

(4) A draft notification under section 16 of the Act, with all the admitted rights entered in the remark column.

12. The date in the notification is left blank. It will take one month to have it duly published as required by the Act.

13. A statement of all the rights admitted within this reserve is ready for delivery to the District Forest-officer as required by rule 14 of the rules published under section 63 (b) of the Act.

ENCLOSURE No. 5.—Sketch-map.

ENCLOSURE No. 6.—Area statement.

Endorsement by the Acting Conservator of Forests, Northern Circle, dated Ootacamund, 16th October 1887, No. 1313.

Submitted to the Secretary to the Commissioners of Land Revenue.

Resolution—Forest No. 43, Routine, dated 24th July 1888.

In returning herewith the letter from the Collector of Ganjam, dated 3rd October 1887, No. ¹¹⁸⁷_{F 478}, and its enclosures, received with the endorsement of the Conservator of Forests, Northern Circle, dated 16th idem, No. 1313, the undersigned is directed to point out the following discrepancies and to request that the Collector will have them rectified at an early date:—

(a) In the draft notification under section 4 the village of Kaliyamba was proposed to be excluded at settlement, but the entry in the remark column of the draft notification under section 16 now submitted shows that that village and two others have been admitted as "enclosures" within the block, though the sketch-map places the former outside the reserve limits. Neither the Forest Settlement-officer's report nor the register of claims contains any mention of the above.

(b) The diversion of the boundary ordered in the decision on claim No. 9 of 1887 is not indicated on the sketch-map.

(c) Paragraph 5 of the Forest Settlement-officer's report gives the total number of claims as seven, whilst the register of claims and the statement of claims filed and disposed of make it eight. The mistake has probably arisen from the omission to include the rights of way brought to notice by the Revenue Inspector of the Vanagiri range referred to in paragraph 10. Paragraphs 5 and 7 of the report, therefore, require correction.

2. The reasons for admitting claims twenty months after expiry of the time of three months prescribed in the proclamation under section 6 issued by the Forest Settlement-officer in the District Gazette of the 7th November 1885 should be explained; as also the default of the District Forest-officer to bring to notice the public rights of way existing in the reserve as he should have under rule 15 of the Forest Settlement rules.

3. The Collector is requested also to have column 1 of the statement of area corrected with reference to Board's Proceedings, dated 11th February 1888, No. 64 (Settlement).

READ—again the following Proceedings of the Board of Revenue (Land Revenue); Forest Mis. No. 926, dated 4th October 1889:—

Read—the following letter from J. G. HORSFALL, Esq., Collector of Ganjam, to the Secretary to the Commissioners of Land Revenue, dated Chatrapur, 16th March 1889, No. 140-F:—

With reference to the Board's Official Memorandum, dated 24th July 1888, Forest No. 43, Routine, I have the honour to enclose copies of letters from the Forest Settlement-officer and the District Forest-officer furnishing explanation on the points noticed by the Board.

2. As regards the non-indication on the sketch-map of the diversion of the boundary ordered in the decision on claim No. 9 of 1887, the District Forest-officer clearly explains the difficulty to show it; he has, however, given a red dotted line to indicate the position of the diversion.

3. The mistakes pointed out have been corrected.

4. In the statement of claims filed the Forest Settlement-officer states that one claim to a right of way was rejected. This was claim No. 79 of 1886 in which the President of the Local Board claimed the right of way over the road from Aska to Russellkonda. This claim was not considered, as the road lies outside the limits of the reserve. Under the circumstances the claim should not, I think, have been shown as rejected.

5. The papers received with the Board's Official Memorandum under reply are herewith re-transmitted.

6. The delay is due to references made on the subject.

ENCLOSURE No. 1.

Letter from A. W. LUSHINGTON, Esq., District Forest-officer, Ganjam, to the Collector of Ganjam, dated Chatrapur, 11th September 1888, No. 510, (printed at page 3 of Government Order, No. 595, Revenue, dated 1st July 1891).

ENCLOSURE No. 2.

From M.R.Ry. A. SURYANRAYANA NAIDU Gar, Forest Settlement-officer, Goomsur Division, to the Collector of Ganjám, dated Russellkonda, 18th September 1888.

[Reference.—Your endorsement, dated 9th August 1888, Forest No. 368, on Board's Official Memorandum of 24th July last, Forest No. 43.]

With reference to the above, I have the honour to state as follows.

2. *Clauses (a) and (b).*—A copy of the District Forest-officer's letter, dated 29th ultimo, No. 532-C (received 10th instant), explaining the discrepancies pointed out, is enclosed.

3. *Clause (c).*—The mistakes pointed out in paragraphs 5 and 7 of my report have been corrected.

4. *Paragraph 2.*—As to the reasons for admitting claims twenty months after the expiry of the time of three months prescribed in the proclamation issued under section 6, I beg to state that the claims so admitted were the public rights of way brought to notice by the Revenue Inspector on the 26th September 1887.

5. As the District Forest-officer sent a sketch-map and boundaries of the forest reserve and as he did not bring to notice any public rights, I ordered the Revenue Inspector to inspect the reserve and to note if any public rights, other than those marked on the sketch-map, exist in it. He accordingly reported after inspection the four public paths, and they were admitted.

6. As to the non-submission of these rights of way the District Forest-officer says that the reasons given in his letter to you dated 11th instant, No. 510 (copy enclosed), answer this and all other occasions.

7. Paragraph 3 column 1 of the statement of area has been corrected by Mr. Lushington as requested.

8. The Board's memorandum above referred to, with its seven enclosures, is herewith returned.

9. The delay in submitting this report was caused by the necessity of a reference to the District Forest-officer whose last reply was received only on the 16th instant.

ENCLOSURE No. 3.

From A. W. LUSHINGTON, Esq., District Forest-officer, Ganjám, to the Forest Settlement-officer, Goomsur, dated Gamparakota, 29th August 1888, No. 532-C.

With reference to the exceptions taken by the Board of Revenue in the F. No. 43, clauses (a) and (b) to the settlement of Kaliyamba reserve, I have the honour to give the following information.

2 (a). The village of Kaliyamba is surrounded by forest—on one side Tiliki reserve, on the other Kaliyamba reserve. It is then really an enclosure in the forest. It was not included in Tiliki, so was considered in Kaliyamba reserve. Mr. Gamble, who prepared the draft notification, always states that a village is to be excluded from such and such reserve when he means that it should be demarcated round and not form actually part of the reserve. I think the term is hardly a good one, as it would lead some to imagine perhaps that the boundary line is to be so taken as to leave the village wholly outside the reserve, which is not meant.

If the term enclosure is used, it does not mean that it is to form part and parcel of the reserve, but that the reserve surrounds it.

3 (b). I have the honour to point out that the map is to the scale of 2"=1 mile—13 cents of land therefore would be represented by $\frac{1}{32}$ of a square inch or a square with a side $\frac{1}{8}$ of an inch in length. It is therefore not possible to show how the line was altered, but I have made a dot in red ink to mark approximately where the land in question lay.

[Reference on the above, dated 16th April 1889.]

The papers referred to in paragraph 5 of the Collector's letter have not been received by the Board. The Collector is requested to forward them at an early date.

(Signed) H. A. SIM,
Secretary.

To the Collector of Ganjám.

Six enclosures returned with Board's Proceedings, No. 43-R., dated 24th July 1888, returned to the Board.

Resolution—Forest Mis. No. 926, dated 4th October 1889.

The Collector will be requested to have the foregoing papers revised with reference to the remarks made below:—

(i) The direction taken and, as far as possible, the distances run by the admitted pathways within the block, as also their admitted widths should be stated.

(ii) Item 2 of claim IV passes outside the block and should not have been admitted as a right in it.

(iii) Items 3 and 4 appear from the map to be identical, so far as they lie within the block, with item 4 of claim II and item 1 of claim IV, respectively. They should not therefore have been admitted as separate rights and the entries should be struck out of the draft notification.

(iv) It cannot be gathered from the map up to what point the Tiliki reserved forest bounds the block under reference; but if it does not cover that portion of it along the edge of which the Kaliyamba-Jillundi cart-track passes, it should be considered whether it would not be as well to throw out the pathway.

(v) The boundary description given of the block cannot be followed on the map, which does not indicate the position of several names occurring in it. This defect should be corrected.

The description itself is far from clear and seems inaccurate in that it gives as part of the eastern boundary, the Berhampur-Russellkonda local fund road which, according to the map, merely touches the block, but does not appear to run along its outer edge. The points at which the lines begin and end have not been definitely fixed. This should be done and such ambiguous expressions as "round the cultivation" avoided. It is not clear whether the Purnapani hill is included in or excluded from the block. This should be stated and the description be made as precise as possible.

(vi) The village of Kaliyamba is reported to lie outside the block. It should not therefore be shown in the draft notification as an "enclosure."

(vii) The spelling of several of the names mentioned in the documents under disposal, is not uniform. This should be rectified.

2. Very early return of the papers is requested. Attention should be paid to uniformity of spelling and all necessary corrections made in the record.

ENCLOSURE No. 2.

From H. S. MULLINS, Esq., Forest Settlement-officer, Ganjam, to the Collector of Ganjam, dated Chatrapur, 23rd April 1896, No. 309.

I have the honour to report the conclusion of the settlement of Kaliyamba proposed reserved forest No. 1 of Goomsur taluk, Ganjam district.

2. The notification under section 4 proposing to constitute this area a reserved forest appeared in the *Fort St. George Gazette*, dated 28th October 1884, and the proclamation under section 6 was published in the *District Gazette*, dated 7th November 1885.

3. This block was originally notified for settlement in the name of M.R.Ry. A. Surya-narayana Naidu and was transferred to me by notification No. 583, published in the *Fort St. George Gazette*, dated 5th November 1895.

4. I perambulated the block in March 1896 and entertained a claim to a hamlet included in the reserve but not claimed before. Nine claims were filed in all. Two claims were to Government and the lands acquired for the reserve for Rs. 39. The other claim for 13 cents was admitted the land lies outside the reserve. Two claims were to right to cut wood in the reserved forest, which were rejected. One claim was to right to a hamlet, which was admitted. The hamlet, retained as an enclosure within the reserve with access allowed to it by a foot-path. Four claims cart-tracks were admitted and one cart-track was admitted as a foot-path. Claims to six paths were admitted, of which one foot-path is identical with a cart-track admitted.

5. The block is free of all rights except those mentioned above.

6. The following are sent herewith :—

- (1) A signed copy of B. register of claims.
- (2) Draft notification under section 16.
- (3) Numerical statement of claims filed and their disposal.
- (4) Sketch of the block.

7. The date from which reservation is to take effect has to be entered in the draft notification.

5 A of 1886. I.	Latchuman Bisoyi of Malichancharapalli, hamlet of Morayipatu in Payalapa Mutta, Goomsur taluk.	6th March 1886.	Claims on behalf of his villagers right to cut fuel, wood, &c., for agricultural and domestic purposes and to graze cattle in the reserved forest within the limits of Morayipatu village.	The ground of claim is long custom.	The District Forest-officer objects to the admission of the claim on the ground that the villagers have no right to the forest produce. He further says that large areas are left out within the village limits of Morayipatu and also in its neighbourhood.	The claim is based on long enjoyment, but it does not, in my opinion, confer on claimants the right to continue to enjoy, because it has always been understood that Government have the right to terminate the enjoyment at pleasure just as is daily done when patta is granted for waste land, in which the villagers had previously enjoyed similar privileges to those which they now claim. Considering therefore the power inherent in Government either to alienate or retain land for any purpose, I reject the claim.
5 B of 1886. II.	Latchuman Bisoyi of Malichancharapalli, hamlet of Morayipatu in Payalapa Mutta, Goomsur taluk.	Do.	Claims right of way over the following paths through the reserve :— I. Foot-path from Malichancharapalli to Kaliyamba via Bodahasingi.	The ground of claim is long use.	Not objected to by the District Forest-officer.	Right of way over the paths Nos. I, II and III is allowed for men, cattle and carts and over path No. IV for men and cattle. (Signed) A. SURYANARAYANA, Forest Sett.-officer. 20th June 1886.
32 A of 1886. III.	Lakshmono Naiko, big ryot of Kaliyamba, in Vengri Mutta, Goomsur taluk.	1st June 1886.	Claims on behalf of his villagers right to cut wood, &c., for agricultural and domestic purposes on the Kaliyamba hill within the reserved forest.	The ground of claim is long custom.	The District Forest-officer objects to the admission of the claim on the ground that the villagers have no right to the forest produce.	The claim is rejected for the reasons entered in the order on claim No. 3-A of 1886.

REMARKS.—I. Enters the reserve about three furlongs east-north-east of the south-east corner of survey No. 159 of Morayipatu, runs south for about one mile and quits it in survey No. 1269 of Bodahasingi (2nd part).
Nos. I, II and III admitted to a width of four yards and No. IV to a width of two yards.

II. Enters the reserve five chains east of the south-east corner of survey No. 159 of Morayipatu and runs south for about twenty chains and joins cart-track No. I above.

III. Enters the reserve twenty chains east of the north-east corner of survey No. 159 of Morayipatu and runs south-east for five chains and joins cart-track No. I above.

IV. Enters the reserve in survey No. 170 of Morayipatu, runs south for about three furlongs to Bodahasingi, thence again west and north-west for about three miles to the village of Kaliyamba inside the reserve.

• About four chains west of the north-east corner of 1269.

+ Enters about six chains west south-west of the point of entrance of path No. I.

+ About four chains south-west of the north-west corner of survey No. 133.

32 B of 1886. IV.	Lukhmono Naiko, big ryot of Kaliyamba in Vanagiri Muttia, Goomsur taluk.	1st June 1886.	Claims right of way over the following paths through the reserve :— I. The claimant also produces (Government patta which shows that the land is in the claimant's enjoyment and that he is the sole putadkar of it as borne out by the village accounts.	The District Forest-officer does not object to allowing right of way over the paths Nos I, II and IV as claimed and over the path No. III as foot-path only at it was found as such on inspection, but he objects to the admission of claim to path No. V on the ground that it will be of no use to the villagers.	Right of way is allowed as follows :— Paths Nos. I and II for men, cattle and carts. Paths Nos. III and IV for men and cattle. The claim to right of way over path No. V is rejected because this right is closely connected with the right to wood-cutting, and if the claimant has not the right to the wood, he cannot have the right to the path. 9-A of 1896. IX.	Sanyasi Patnait, karnam of Bodaborsingi.	30th Mar. 1896.			The District Forest-officer wishes the hamlet to be excluded from the reserve. RESOLUTION—Forest No. 528, dated 26th November 1896.

The settlement records of the Kaliyamba block, revised and received with the letter read above, will be submitted to Government with the following remarks:—

(i) The north boundary after passing the south side of survey No. 154 is described as running along the south side of No. 155. But on verifying it with the sketch-map submitted, it is found that No. 155 is a mistake for No. 158. The Board has made the necessary correction in the draft notification on the authority of the map.

(ii) The description of some of the paths traversing the reserve is not sufficiently precise in the register and the draft notification; and in the case of the Purnapani-Bankanedi cart-track, the details in the two documents do not agree. The necessary alterations have been made in this office so as to make them correspond in all particulars.

(iii) Cart-tracks (III-2 and 3), especially the latter, enter the reserve close to the point of entry of the cart-track (III-1). It is also observed that field No. 164 through which No. 2 path passes before it meets No. 1 has been acquired for the reserve. The necessity for admitting paths 2 and 3 is therefore not clear. One of the two might as well have been closed to the public so as to free the block from unnecessary private rights.

(iv) The discrepancies pointed out in Board's Proceedings, Forest Mis. No. 926, dated 4th October 1889, should have been explained in serial order.

2. The Board requests that the draft final notification may be approved and ordered to be published in the *Fort St. George Gazette*, the reservation to take effect from the 31st March next.

3. The area of the block is reported to be 8,896 acres at final settlement.
4. The delay in the settlement of the block should have been explained.

Reserved Forest.

The draft notification under section 16 of the Forest Act for the constitution of the Kaliyamba block, in the Goomsur taluk, as a —, ordered to be published in the Fort St. George and Ganjam District Gazettes.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 528, dated 26th November 1896 :—

Read—again the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 43, Routine, dated 24th July 1888 :—

Read—the following letter from J. G. HORSFALL, Esq., Collector of Ganjám, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Northern Circle), dated Russellkonda, 3rd October 1887, No. ¹¹⁸⁷_{F. 478} :—

I have the honour to report the completion of the settlement of No. I, Kaliyamba reserved forest, in the Goomsur taluk of this district.

2. I enclose the Forest Settlement-officer's report with its enclosures.

- (1) Extract from the B. register of claims disposed of.
- (2) Numerical statement of claims filed and their disposal.
- (3) Draft notification under section 16 with remarks showing admitted claims.
- (4) Sketch-map.
- (5) I enclose the District Forest-officer's statement of area and condition.

The reserve consists of good sál forest on the low ground, the sál disappearing on the hills. The Local Fund road is entered as part of the eastern boundary of the reserve, but of course the reserve boundary will stop within 22 yards of the centre of the road.

I recommend that the 1st January 1888 be fixed as the date upon which the forest becomes a reserved forest.

ENCLOSURE No. 1.

From M.R.Ry. A. SURYANARAYANA NAIDU Gar, Forest Settlement-officer of Goomsur Division, Ganjám, to the Collector of Ganjám (through the District Forest-officer, Ganjám), dated Russellkonda, 30th September 1887, Forest No. 71.

In continuation of my letter Forest-No. 67, dated the 12th September 1887, I have the honour to report the conclusion of the settlement of the proposed Kaliyamba reserved forest in the Goomsur taluk, all the events noted in section 16 of the Forest Act having occurred.

2. The area was included as item No. I in the notification under section 4 issued by Government in the *Fort St. George Gazette*, dated 28th October 1884, and my appointment as Forest Settlement-officer was published in the *Fort St. George Gazette*, dated 24th July 1885.

3. The proclamation under section 6 regarding this reserve was issued by me in the *District Gazette* of the 7th November 1885 and was duly published in the towns and villages adjoining the block. Notices were also served on all the known owners or occupiers of land in and adjoining the block as required by the Act.

4. The following are the most important facts connected with this block.

5. The area of this reserve is 5,200 acres. Eight claims were preferred to various rights, of which five claims were admitted and three rejected. There were four claims to rights of way, two to wood cutting and grazing and two to rights of ownership to lands.

6. The last of these claims was disposed of on the 26th September 1887, and in no case has there been any appeal against my decisions.

7. *Rights of way*.—Fourteen paths were claimed within the reserve as easements of necessity, of which twelve were admitted and two rejected.

8. The ryots of two villages claimed right to cut wood for agricultural and domestic purposes and to graze cattle within the reserve. These claims were rejected.

9. The two claims to lands were admitted. In one case the patta land to the extent of 2.21 acres assessed at Rs. 3-4-0 was acquired for the reserve, as desired by the District Forest-officer, by agreement with the claimant under section 10 (i) (1) of the Forest Act for Rs. 39. The amount was paid to the party and a deed of conveyance executed by him as required by Board's Proceedings, dated 7th July 1885, No. 1996.

In the other case a small piece (13 cents) of the land held by the claimant under the waste land rules was excluded from the limits of the reserved forest by a diversion of the boundary.

10. The four public rights of way through the reserve, brought to my notice by the Revenue Inspector of the Vanagiri range and not objected to by the District Forest-officer, have been admitted by me.

11. The following statements are submitted herewith :—

- (1) A numerical statement showing the number of claims and their disposal.
- (2) Signed copy of the B. Register of claims.
- (3) Sketch-map of the reserve showing the admitted rights of way.
- (4) A draft notification under section 16 of the Act, with all the admitted rights entered in the remark column.

12. The date in the notification is left blank. It will take one month to have it duly published as required by the Act.

13. A statement of all the rights admitted within this reserve is ready for delivery to the District Forest-officer as required by rule 14 of the rules published under section 63 (b) of the Act.

ENCLOSURE No. 2.—B. register.

ENCLOSURE No. 3.—Numerical statement.

ENCLOSURE No. 4.—Draft notification.

ENCLOSURE No. 5.—Sketch-map.

ENCLOSURE No. 6.—Area statement.

Endorsement by the Acting Conservator of Forests, Northern Circle, dated Ootacamund, 16th October 1887, No. 1313.

Submitted to the Secretary to the Commissioners of Land Revenue.

Resolution—Forest No. 43, Routine, dated 24th July 1888.

In returning herewith the letter from the Collector of Ganjám, dated 3rd October 1887, No. ¹¹⁸⁷_{F. 478} and its enclosures, received with the endorsement of the Conservator of Forests, Northern Circle, dated 16th idem, No. 1313, the undersigned is directed to point out the following discrepancies and to request that the Collector will have them rectified at an early date :—

(a) In the draft notification under section 4 the village of Kaliyamba was proposed to be excluded at settlement, but the entry in the remark column of the draft notification under section 16 now submitted shows that that village and two others have been admitted as "enclosures" within the block, though the sketch-map places the former outside the reserve limits. Neither the Forest Settlement-officer's report nor the register of claims contains any mention of the above.

(b) The diversion of the boundary ordered in the decision on claim No. 9 of 1887 is not indicated on the sketch-map.

(c) Paragraph 5 of the Forest Settlement-officer's report gives the total number of claims as seven, whilst the register of claims and the statement of claims filed and disposed of make it eight. The mistake has probably arisen from the omission to include the rights of way brought to notice by the Revenue Inspector of the Vanagiri range referred to in paragraph 10. Paragraphs 5 and 7 of the report, therefore, require correction.

2. The reasons for admitting claims twenty months after expiry of the time of three months prescribed in the proclamation under section 6 issued by the Forest Settlement-officer in the District Gazette of the 7th November 1885 should be explained; as also the default of the District Forest-officer to bring to notice the public rights of way existing in the reserve as he should have under rule 15 of the Forest Settlement rules.

3. The Collector is requested also to have column 1 of the statement of area corrected with reference to Board's Proceedings, dated 11th February 1888, No. 64 (Settlement).

(True Copies and Extract.)

(Signed) H. A. SIM,
Acting Secretary.

To the Collector of Ganjam, with letter in Forest Register
No. 1449 of 1887 and its six enclosures, all in original
(to be returned).
Copy to the Conservator of Forests, Northern Circle.

Read—again the following Proceedings of the Board of Revenue (Land Revenue),
Forest Mis. No. 926, dated 4th October 1889:—

Read—the following letter from J. G. HORSFALL, Esq., Collector of Ganjam, to the
Secretary to the Commissioners of Land Revenue, dated Chatrapur, 16th
March 1889, No. 140-F:—

With reference to the Board's Official Memorandum, dated 24th July 1888,
Forest No. 43, Routine, I have the honour to enclose copies of letters from the Forest
Settlement-officer and the District Forest-officer furnishing explanation on the points
noticed by the Board.

2. As regards the non-indication on the sketch-map of the diversion of the bound-
ary ordered in the decision on claim No. 9 of 1887, the District Forest-officer clearly
explains the difficulty to show it; he has, however, given a red dotted line to indicate
the position of the diversion.

3. The mistakes pointed out have been corrected.

4. In the statement of claims filed the Forest Settlement-officer states that one
claim to a right of way was rejected. This was claim No. 79 of 1886 in which the
President of the Local Board claimed the right of way over the road from Aska to
Russellkonda. This claim was not considered, as the road lies outside the limits of the
reserve. Under the circumstances the claim should not, I think, have been shown as
rejected.

5. The papers received with the Board's Official Memorandum under reply are
herewith re-transmitted.

6. The delay is due to references made on the subject.

ENCLOSURE No. 1.

Letter from A. W. LUSHINGTON, Esq., District Forest-officer, Ganjam, to the Collector of
Ganjam, dated Chatrapur, 11th September 1888, No. 510, (printed at page 3 of Govern-
ment Order, No. 595, Revenue, dated 1st July 1891).

ENCLOSURE No. 2.

From M.R.Ry. A. SURYANRAYANA NAIDU Gar, Forest Settlement-officer, Goomsur
Division, to the Collector of Ganjam, dated Russellkonda, 18th September 1888.

[Reference.—Your endorsement, dated 9th August 1888, Forest No. 368, on Board's
Official Memorandum of 24th July last, Forest No. 43.]

With reference to the above, I have the honour to state as follows.

2. *Clauses (a) and (b).*—A copy of the District Forest-officer's letter, dated 29th ultimo,
No. 532-C (received 10th instant), explaining the discrepancies pointed out, is enclosed.

3. *Clause (c).*—The mistakes pointed out in paragraphs 5 and 7 of my report have been
corrected.

4. *Paragraph 2.*—As to the reasons for admitting claims twenty months after the expiry of
the time of three months prescribed in the proclamation issued under section 6, I beg to state that
the claims so admitted were the public rights of way brought to notice by the Revenue Inspector
on the 26th September 1887.

5. As the District Forest-officer sent a sketch-map and boundaries of the forest reserve and as
he did not bring to notice any public rights, I ordered the Revenue Inspector to inspect the
reserve and to note if any public rights, other than those marked on the sketch-map, exist in it.
He accordingly reported after inspection the four public paths, and they were admitted.

6. As to the non-submission of these rights of way the District Forest-officer says that the
reasons given in his letter to you dated 11th instant, No. 510 (copy enclosed), answer this and all
other occasions.

7. Paragraph 3 column 1 of the statement of area has been corrected by Mr. Lushington as
requested.

8. The Board's memorandum above referred to, with its seven enclosures, is herewith
returned.

9. The delay in submitting this report was caused by the necessity of a reference to the
District Forest-officer whose last reply was received only on the 16th instant.

ENCLOSURE No. 3.

From A. W. LUSHINGTON, Esq., District Forest-officer, Ganjam, to the Forest Settlement-
officer, Goomsur, dated Gamparakota, 29th August 1888, No. 532-C.

With reference to the exceptions taken by the Board of Revenue in the F. No. 43, clauses (a)
and (b) to the settlement of Kaliyamba reserve, I have the honour to give the following information.

2 (a). The village of Kaliyamba is surrounded by forest—on one side Tiliki reserve, on the
other Kaliyamba reserve. It is then really an enclosure in the forest. It was not included in
Tiliki, so was considered in Kaliyamba reserve. Mr. Gamble, who prepared the draft notification,
always states that a village is to be excluded from such and such reserve when he means that it
should be demarcated round and not form actually part of the reserve. I think the term is hardly
a good one, as it would lead some to imagine perhaps that the boundary line is to be so taken as to
leave the village wholly outside the reserve, which is not meant.

If the term enclosure is used, it does not mean that it is to form part and parcel of the
reserve, but that the reserve surrounds it.

3 (b). I have the honour to point out that the map is to the scale of 2"=1 mile—13 cents
of land therefore would be represented by $\frac{1}{15}$ of a square inch or a square with a side $\frac{1}{15}$ of an
inch in length. It is therefore not possible to show how the line was altered, but I have made a
dot in red ink to mark approximately where the land in question lay.

The papers referred to in paragraph 5 of the Collector's letter have not been

Six enclosures returned with Board's Proceedings, No. 43-R., dated 24th July 1888,
returned to the Board.

Resolution—Forest Mis. No. 926, dated 4th October 1889.

The Collector will be requested to have the foregoing papers revised with reference to the remarks made below :—

(i) The direction taken and, as far as possible, the distances run by the admitted pathways within the block, as also their admitted widths should be stated.

(ii) Item 2 of claim IV passes outside the block and should not have been admitted as a right in it.

(iii) Items 3 and 4 appear from the map to be identical, so far as they lie within the block, with item 4 of claim II and item 1 of claim IV, respectively. They should not therefore have been admitted as separate rights and the entries should be struck out of the draft notification.

(iv) It cannot be gathered from the map up to what point the Tiliki reserved forest bounds the block under reference; but if it does not cover that portion of it along the edge of which the Kaliyamba-Jillundi cart-track passes, it should be considered whether it would not be as well to throw out the pathway.

(v) The boundary description given of the block cannot be followed on the map, which does not indicate the position of several names occurring in it. This defect should be corrected.

The description itself is far from clear and seems inaccurate in that it gives as part of the eastern boundary, the Berhampur-Russelkonda local fund road which, according to the map, merely touches the block, but does not appear to run along its outer edge. The points at which the lines begin and end have not been definitely fixed. This should be done and such ambiguous expressions as "round the cultivation" avoided. It is not clear whether the Purnapani hill is included in or excluded from the block. This should be stated and the description be made as precise as possible.

(vi) The village of Kaliyamba is reported to lie outside the block. It should not therefore be shown in the draft notification as an "enclosure."

(vii) The spelling of several of the names mentioned in the documents under disposal, is not uniform. This should be rectified.

2. Very early return of the papers is requested. Attention should be paid to uniformity of spelling and all necessary corrections made in the record.

I have the honour to forward Forest Settlement-officer's letter, No. 309, dated 11th April 1896 (with enclosures), reporting the conclusion of the settlement of Kaliyamba proposed reserve, the papers in connection with which were returned for revision in Board's Proceedings, No. 926, dated 4th October 1889.

ENCLOSURE No. 2.

From H. S. MULLINS, Esq., Forest Settlement-officer, Ganjam, to the Collector of Ganjam, dated Chatrapur, 23rd April 1896, No. 309.

I have the honour to report the conclusion of the settlement of Kaliyamba proposed reserved forest No. 1 of Goomsur taluk, Ganjam district.

2. The notification under section 4 proposing to constitute this area a reserved forest appeared in the *Fort St. George Gazette*, dated 28th October 1884, and the proclamation under section 6 was published in the *District Gazette*, dated 7th November 1885.

3. This block was originally notified for settlement in the name of M.R.Ry. A. Suryanarayana Naidu and was transferred to me by notification No. 533, published in the *Fort St. George Gazette*, dated 5th November 1895.

4. I perambulated the block in March 1896 and entertained a claim to a hamlet included in the reserve but not claimed before. Nine claims were filed in all. Two claims were to Government patta rights over lands measuring 2.34 acres, of which one claim to 2.21 acres was admitted and the lands acquired for the reserve for Rs. 39. The other claim for 13 cents was rejected, as and the land lies outside the reserve. Two claims were to right to cut wood in the reserved forest, which were rejected. One claim was to right to a hamlet, which was admitted. The hamlet, with a suitable area for extension of cultivation, will be demarcated out free from reservation and retained as an enclosure within the reserve with access allowed to it by a foot-path. Four claims were to right of way over a local fund road, nine cart-tracks and four foot-paths. Claims to six cart-tracks were admitted and one cart-track was admitted as a foot-path. Claims to three foot-paths were admitted, of which one foot-path is identical with a cart-track admitted.

5. The block is free of all rights except those mentioned above.

6. The following are sent herewith :—

- (1) A signed copy of B. register of claims.
- (2) Draft notification under section 16.
- (3) Numerical statement of claims filed and their disposal.
- (4) Sketch of the block.

7. The date from which reservation is to take effect has to be entered in the draft notification.

5 A of 1886. I.	Latchuman Bisooyi of Malichancharpalli, hamlet of Morayipatu in Payalpada Muta, Goomsur taluk.	6th March 1886.	Claims on behalf of his villagers right to cut fuel, wood, &c., for agricultural and domestic purposes and to graze cattle in the reserved forest within the limits of Morayipatu village.	The ground of claim is long custom.	The District Forest-officer objects to the admission of the claim on the ground that the villagers have no right to the forest produce. He further says that large areas are left out within the village limits of Morayipatu and also in its neighbourhood.	The claim is based on long enjoyment, but it does not, in my opinion, confer on claimants the right to continue to enjoy, because it has always been understood that Government has the right to terminate the enjoyment at pleasure just as is daily done when patas are granted for waste land, in which the villagers had previously enjoyed similar privileges to those which they now claim. Considering therefore the power inherent in Government either to alienate or retain land for any purpose, I reject the claim.
5 B of 1886. II.	Latchuman Bisooyi of Malichancharpalli, hamlet of Morayipatu in Payalpada Muta, Goomsur taluk.	Do.	Claims right of way over the following paths through the reserve:— I. Bandy-track from Kontaipalli to Surada. II. Bandy-track from Malichancharpalli to Morayipatu. III. Bandy-track from Malichancharpalli to Gohara. IV. Foot-path from Malichancharpalli to Kaliyamba and Boliyasaing.	The ground of claim is long use.	Not objected to by the District Forest-officer.	Right of way over the paths Nos. I, II and III is allowed for men, cattle and carts and over path No. IV for men and cattle. (Signed) A. SURYANARAYANA, Forest Sett.-officer. 29th June 1886.
32 A of 1886. III.	Lakshmono Naiko, big ryot of Kaliyamba, in Vanagiri Muta, Goomsur taluk.	1st June 1886.	Claims on behalf of his villagers right to cut wood, &c., for agricultural and domestic purposes on the Kaliyamba hill within the reserved forest.	The ground of claim is long custom.	The District Forest-officer objects to the admission of the claim on the ground that the villagers have no right to the forest produce.	The claim is rejected for the reasons entered in the order on claim No. 6-A of 1886.

REMARKS.—* I. Enters the reserve about three furlongs east-north-east of the south-east corner of survey No. 159 of Morayipatu, runs south for about one mile and quits it in survey No. 1259 of Bodaborsing (2nd part).

Nos. I, II and III admitted to a width of four yards and No. IV to a width of two yards.

II. Enters the reserve five chains east of the south-east corner of survey No. 159 of Morayipatu and runs south for about twenty chains and joins cart-track No. I above.

32 B of 1886. IV.	Lakshmono Naiko, big ryot of Kaliyamba in Vanagiri Muta, Goomsur taluk.	1st June 1886.	Claims right of way over the following paths through the reserve:— I. 54 of 1886. V.	Latchumanbisoyi of Malichancharpalli, hamlet of Morayipatu in Payalpada Muta, Goomsur taluk.	29th June 1886.	Claims Government patia right over the undermentioned lands within the reserve:— Malichancharpalli, hamlet of Morayipatu.	The ground of claim is based on possession and enjoyment for the last 16 years. The claimant also produces a Government patia which shows that the land is in the claimant's enjoyment and that he is the sole pattadar of it as borne out by the village accounts.	The District Forest-officer does not object to allowing right of way over the paths Nos. I, II and IV as claimed and over the path No. III as foot-path only as it was found as such on inspection, but he objects to the admission of claim to path No. V on the ground that it will be of no use to the villagers.	Right of way is allowed as follows:— Paths Nos. I and II for men, cattle and carts. Paths Nos. III and IV for men and cattle. The claim to right of way over path No. V is rejected because this right is closely connected with the right to wood-cutting, and if the claimant has not the right to the wood, he cannot have the right to the path. (Sd.) A. SURYANARAYANA, Forest Sett.-officer. 20th August 1886. The claim to the land is admitted. The court having ascertained the willingness of the claimant to part with the land on payment of Rs. 39 at 12 rates of assessment per acre, and the District Forest-officer having accepted the offer and sent a cheque for the amount to the court on Goomsur treasury on the 11th January 1887, the money was paid to the claimant on his executing a deed of conveyance on the 20th January 1887, which was duly registered in the Sub Registrar's office at Russelkonda on the same date as No. 21 and the sale deed was forwarded to the District Forest-officer for record. (Sd.) A. SURYANARAYANA, Forest Sett.-officer. 20th January 1887.
79 of 1886. VI.	President, District Board, Ganjam.	17th Nov. 1886.	Claims right of way over the Local Fund road from Aska to Russelkonda.	The ground of claim is that the road is the property of the Local Fund Board.	The District Forest-officer says that it is situated outside the reserve.	As the road is outside the reserve, no order need be passed. (Sd.) A. SURYANARAYANA, Forest Sett.-officer. 2nd May 1887.
9 of 1887. VII.	Jahengir Sheriff Sahib of Russelkonda.	18th Mar. 1887.	Claims right of ownership over a piece of land situated in the village of Madilipalli and included in the reserved forest. The land claimed was found on measurement to amount to 13 cents.	The claimant produces the waste land title-deed granted to him by Government for the land.	The claim is not disputed. The District Forest-officer says that the boundary line will be altered so as to exclude the land.	The claim to the land is admitted. It will be excluded from the limits of the reserved forest by a diversion of the boundary. (Sd.) A. SURYANARAYANA, Forest Sett.-officer. 18th September 1887.

Resolution—Forest No. 528, dated 26th November 1896.

The settlement records of the Kaliyamba block, revised and received with the letter read above, will be submitted to Government with the following remarks:—

(i) The north boundary after passing the south side of survey No. 154 is described as running along the south side of No. 155. But on verifying it with the sketch-map submitted, it is found that No. 155 is a mistake for No. 158. The Board has made the necessary correction in the draft notification on the authority of the map.

(ii) The description of some of the paths traversing the reserve is not sufficiently precise in the register and the draft notification; and in the case of the Purnapani-Bankanedi cart-track, the details in the two documents do not agree. The necessary alterations have been made in this office so as to make them correspond in all particulars.

(iii) Cart-tracks (III-2 and 3), especially the latter, enter the reserve close to the point of entry of the cart-track (III-1). It is also observed that field No. 164 through which No. 2 path passes before it meets No. 1 has been acquired for the reserve. The necessity for admitting paths 2 and 3 is therefore not clear. One of the two might as well have been closed to the public so as to free the block from unnecessary private rights.

(iv) The discrepancies pointed out in Board's Proceedings, Forest Mis. No. 926, dated 4th October 1889, should have been explained in serial order.

2. The Board requests that the draft final notification may be approved and ordered to be published in the *Fort St. George Gazette*, the reservation to take effect from the 31st March next.

3. The area of the block is reported to be 8,896 acres at final settlement.

4. The delay in the settlement of the block should have been explained.
