Proceedings of the Board of Revenue (Land Revenue)

No. 1255 Misc., dated 2nd April 1897.

Read the following:-

1. Letter from J. Twigg, Esquire, Collector of Madura, to the Secretary to the Commissioners of Land Revenue, Madras, Re. on C. No. 5625/Genl. of '96, dated 29th December 1896.

And the following Reference thereon dated 16th January 1897:-

"The Collector is requested to state whether a plain wire fence may not be substituted for the compound wall proposed by him which is estimated to cost Rs. 2700."

2. Also letter from the same officer, to the Secretary to the Commissioners of Land Revenue, Madras, E. O. C. No. 5625/genl. of '96, dated 19th March 1897.

Resolution

Submitted for the orders of Government.

2. The Collector proposes that a compound wall should be constructed round the Taluk Cutcherry at Palni in preference to a wire fence. He states that wire-fencing was tried in Local Fund markets with the result that portions of wire were gradually cut off and stolen till the whole fence disappeared. From the site plan forwarded by the Collector, it appears that the compound of the Taluk Cutcherry adjoins dwelling houses on almost all sides and that a wire fence will not be a sufficient protection against men & cattle straying into the compound. The Board accordingly supports the Collector's recommendation.

no. 297/97.

Comis no. 2105 of 27th April 97
The Comr is of opinion
that the construction of a
masonry wall with pillars
round the Compound of the
Taluk Cutchery at Palni
at a cost of Rs 2,700, is
unnecessary and that a
mud wall with tiled coping
will meet all requirements
and at the same time be
much cheaper in cost. The neces-
sary orders for the construction
of such a wall will be
immediately issued in the P. W. D.

10/4/97

To the P. W. Deptt. with plan
Board order: L. R.
with other encs.

Note.
Please see the P. W. Secy's opinion
submitted in O. no. 319 C. It will be
seen that a mud wall costs con-
siderably less than even a wire fence.
The ~~length~~ perimeter of the
Compound appears to be 2100 ft
and the cost of a mud wall
at the rate given by the

Plg B (in Com 1574
20.1.97)

copy 1/97
20/4/97

Chief Engineer in the above
office note will be less than
Rs 800 against the estimate
of Rs 2700 for the proposed
masonry wall
