(Separate Revenue),

Dated 9th April, 1897.

Min No. 1453

Resolution

With reference to the new rule regarding the labelling of liquor imported in bulk and bottled locally, sanctioned in Government Order Min No 202 Revenue dated 14th January 1897, the Board has received a representation from Messrs Leighton and Co from which it appears that no special intimation of the proposed change was given to the trade prior to its introduction. Without acknowledging that the alteration in the conditions of the license was not sufficient the Board is of opinion that changes in the rules, which, as in this case, may seriously affect the probable demand for and consequently the importation of liquor ought not to be given effect without as full notice as possible. There can ^{be} no doubt but

but that the new rule will tend to render the country bottled articles less popular than that imported in bottles and the Board requests therefore that Government will be pleased to accord its sanction to the rule being held in abeyance until the 1st October next. The Board proposes to issue a notification in the Fort St George Gazette publishing for general information the alterations contemplated.

2. Deputy and Assistant Commissioners will be requested to see that no prosecutions are instituted for breach of the conditions of foreign liquor licenses in this respect until the orders of Government are received.
