The Board

Li. No. 10 21

At the instance of the Agent of the
B.I.S.N Company at Pondicherry, the
C.M. recommends that the period of
detention at Pondicherry
of British Indian Goods
passing through that station to
Calcutta or Rangoon may be fixed at
12 days. The Board supports the Collector's
recommendation. For goods proceeding
in the opposite direction the period of
detention has been fixed at seven days.
[vide para 2(A) of G.O. No 534 of 23rd July
1894]. No period was fixed in the case
of goods proceeding to Calcutta or Rangoon,
but in the G.O. quoted above it was stated
"this is a matter for the consideration of
the Customs authorities in those places"

The Board may, therefore, be informed that the Steamer Agents should apply to the Customs Authorities at Rangoon & Calcutta for fixing the period of detention; or, the period of detention may be fixed by this Govt. and the Board may be requested to intimate the same to the Customs authorities at Rangoon & Calcutta. If the period is to be fixed by this Govt., it may be fixed at 12 days.

I think this is sufficient for the time being.
 A.R. 9/4/97

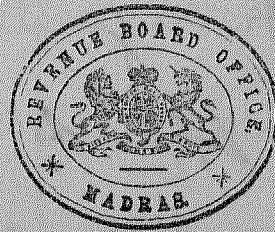

The Board of India has to leave the settlement of this matter to the Govt. The Govt. of India has to see only that the facts satisfy the conditions laid down in para 2.6. In their opinion, the signature of the Consul Agent is conclusive that under what conditions the Consul Agent is to certify goods to be within the purview of the Govt. to refuse. If it be held that this Govt. can not fix the time when India is to be addressed.

Let them have the 12 days.
 B.S. 27/4/97

The statement in G.O. No 534 of 23rd July 94 at the end of para 2.6. Flipped B. seems to be erroneous.

Proceedings of the Board of Revenue

(Separate Revenue),

Dated 16th March, 1897.
 His No. 1021.

Read the following letter from the Collector of South Arcot No 573 of 97 dated 25th February (89):-

"I have the honor to submit herewith copy of letter No 31 dated 6th February (89) from the British Consular agent Pondicherry with its enclosure - viz original - a petition from the agents of the British India Steam Navigation Company for the favour of orders.

2. Under para 2.6.1 of Government Order 534 dated 23rd July 1894 communicated with Board's Proceedings No 289 (S.R) dated 30th July 1894, goods of British origin passing from Calcutta or Rangoon through Pondicherry or Kanikal, are allowed

to be detained in French India
for one week - As regards goods
proceeding in the opposite direction
viz: to Calcutta or Rangoon.

Government recognised that a long
period may be needed, as steamers
bound for those ports may not be
immediately available but added
that "this is a matter for the con-
sideration of the Customs Authorities
at those places"

3. The Agents of the British
Indian Steam Navigation Company
pray that the period of detention
in Pondicherry of goods of British
origin intended for export to Calcutta
or Rangoon may be extended
to twelve days.

4. As the probable necessity
for the extension asked for has
already been recognised by
Government

Government the concession may,
I submit, be granted. The reasons
given for the request are reasonable

Enclosure

Copy of letter from the British Consular
Agent, Pondicherry to the Collector of
South Arcot No 31, dated 6th ~
February 1897:—

"I have the honour to forward
herewith a letter, in original, received
from the agents of the British Indian
Steam Navigation Company at
Pondicherry praying for an extension
of the time now allowed for the
exportation of the goods of British
origin."

Resolution

Submitted to Government

2. Under Government Order
No 534, Revenue, dated 23rd ~

July

July 1894, para 2, clauses (a) to (f)
and the orders referred to in clause
(a), goods passing from British
territories through Pondicherry or
Karikal to Calcutta or Rangoon
or vice versa are exempt from duty
under certain conditions. In clause
(b) of the Government Order quoted
above, Government considered
that a week's time was sufficient
for goods passing through French
territories to their ultimate consignee
in British India, accordingly -
allowed that period in the case
of goods passing from Calcutta
or Rangoon through Pondicherry
or Karikal and remarked that
in the case of goods proceeding
in the opposite direction, viz.,
to Calcutta or Rangoon, a longer
period may be needed as steamers
bound

bound for those ports may not be
immediately available, but that
that was a matter for the consideration
of the Customs authorities at those
places.

3. The Agents of the British India
Steam Navigation Company in Pondi-
cherry now apply for an extension
of the period of detention to 12 days
in the case of goods which are to
proceed to Calcutta or Rangoon, as
goods have often to be detained
for that period owing to the refusal
of steamers to take cargo for want
of space or for some other reason.

4. The Board concurs in the Collector's
opinion that the request is reasonable
and recommends it for the sanction
of Government.
