The Secretary to Government
Madras
Revenue Department

Sir

The humble representation of Hemraj Ram Lal Sahukar Agency opium supply monopolist in the District of Vizagapatnam against order of the Board of Revenue regarding the matter of his application for the refund of duty paid uncertain excess ascertained in a consignment of opium transferred by him.

Your petitioner imported on 15th July 1895, 280 lbs of opium in 4 half chests each containing 7 small baskets from the Kote of Radhakrishna Kisinlal Sahukar opium imported at Rajamundry for the supply in the agency tracts of this district when the stock fell short in his godowns. On receipt of the consignment, it was presented to the Collector for examination. On weighing the whole opium lbs 3-20 of opium was found in excess of 280 lbs mentioned in the pass. A duty of Rs 17-9-0 was therefore charged on the excess found and the amount was then collected from your humble petitioner. He submits to state that it is quite unjust to collect duty on the opium for which duty was already paid by the Rajamundry Kote; and he therefore prefers an appeal for the refund of the said amount to the Honourable Commissioner on the following grounds.

3. When indented for opium is made paying the duty thereon to the opium agent at Indor, the quantity of opium indented will be stuffed in small baskets holding 10 lbs each and then the small baskets containing the opium indented will be weighed and if any excess of opium over than the quantity indented for is found excluding the weight of the baskets the excess will be withdrawn from any of these baskets and the empty baskets will be left in the half chests exported. From the above, it is clear that each basket which should contain exactly 10 lbs on weighing happens to contain some excess quantity in proportion to the quantity of opium withdrawn from the consignment as the contractors of each box have

not been weighed separately and stuffed in each
box. Out of a large consignment of 14 or 18 half
 chests received from Indor Radhakrishn Kishinlal
 Sahukar might have exported 4 half chests contain-
 ing 28 baskets. These baskets should naturally contain
 some excess.

4. The excess found in the consignment was also
 due to its importation during the rainy we-
 -ather. Under the above circumstances, your

humble petitioner prays that the amount
 collected from him may be ordered to be re-
 funded.

Your humble petitioner's petition to the board
 with its order is enclosed for your honours
 perusal.
