PETITION

0904

REVENUE DEPT.

To

His Excellency the Governor in Council
Fort St. George.

The humble petitioners, the inhabitants of Malaveraragapuram village Simevelly Taluk Simevelly District, most respectfully beg to bring the following few lines for the favourable consideration and orders of the Government.

1. In the general revision of the village establishments of the District lately sanctioned by Government, the villages of Malaveraragapuram and Sindupoundurai have been amalgamated together so far as the curuan's charge is concerned, while the Munsiff's charge remains unaltered, the two villages having separate - munsiffs for each.
2. The said two villages, though designated as different, are practically one and the same, the one being contiguous with the other -
At present

At present in the high road to the front of the Railway station the southern line of buildings etc belongs to Malaveraragavapuram while the northern line belongs to the other village; so that two different Munsiffs have to exercise their powers in the same locality, one on the north side, and the other on the south. A little to the east, Kylasapuram ^{which} is contiguous with Malaveraragavapuram on the southern side of the said road is in the jurisdiction of the village Munsiff of Sindupondurai. This arrangement is very injurious and inconvenient to the interests of the people.

3. We were very eagerly expecting the amalgamation of the two villages in the recent revision, which would have put an end to the inconvenience and trouble we were hitherto put to. But to our sad disappointment the amalgamation was effected only in respect of the curuan's charge; but not in respect of the munsiff's charge, a reform, by far important and necessary to the public interests and convenience.

4. The village munsiff of Sindupondur collects the revenue of his village practically in the village of Keerara-gavapuram as a large number of pattadahrs reside in the latter village. So that it will not be inconvenient for one man to conduct the collection work of both the villages if amalgamated, especially as the Beriz of Malavceraragavapuram village is small; so also the other functions of the munsiff could be exercised by a single individual.

5. The village munsiff of Malavceraragavapuram being very low paid, competent men are difficult to be had for the place, especially when temporary vacancies occur; a similar difficulty is now experienced as the permanent man is under suspension. If both the villages are amalgamated the pay of the munsiff could be fixed at a reasonable amount, and men who possess capability and could command respect, will be easily available for the place. Men possessing capability and commanding respect are highly necessary for this village, especially as it is rising in importance.
