FURTHER PAPERS.

G.O.	No.	Department.	Date.

M. R. Ry. P. Venkata Row's recipe
for the manufacture of 3 bottles of
Indian Cyclostyls Euk.

Lamp-black weighing Rs 3-8- is
produced by burning, in a place where
there is less air, gingelly oil with
cloth wicks in two scooped out small
brass pans, called in Tamil 2 B. or,
under two earthen pans of large
size which are known in Tamil
as 10 L B B (one lamp allowed to
burn under one large earthen pan)
on ovens temporarily formed of
three loose stones of small size.
With the lamp-black thus obtained,
Mix gingelly oil weighing Rs 48/-
in a porcelain mortar and gently
rub the mixture with a porcelain
pestle for about two hours until
the oil and lamp-black are
together well mixed and paste
formed ready for use.

Circular No 1923

Stationery Office
Madras 19 October 1897.
Recd 5-11-97

From,

J. Thomson Esqre I.C.S.
By Superintendent of Stationery
The Under Secy to Govt
Revenue Department

Sir,

With reference to Para 5 of G.O. No 746 Financial dated 13th September 1897, I have the honor to enclose a copy of M.S. By P. Venkata Kowli recipe for the manufacture of Indian Cydrostyle ink and to request that you will be so good as to prepare the ink required by you in accordance therewith and report upon its suitability in place of similar ink of English manufacture now supplied after giving it a year's trial.

I have the honor to be,
Sir,

your most obedient servant

[Signature]
Assistant
for Superintendent
