Proceedings of the Board of Revenue

(Land Revenue)

Dated 25th March 1897, No 1130.Misc.:

Resolution:----- Before circulating the rules for the maintenance of riding horses by Revenue Officers, the Board requests the orders of Government on the following points:-

(1) Rule 1. of the Board's rules limited the application of the rules to officers who are required to spend a portion of the year in touring. The Government has cut out this provision. The omission is presumably an oversight. As the rule now stands it would apply to Treasury Deputy Collectors and Secretaries to the Board.

(2) The Government has also ordered that all Collectors and all Members of the I.C.S. in charge of a division ^{should} keep at least 2 animals, one of which at least must be a horse. The Board presumes that a horse is an animal of 14.3 or over. It would be as well to state this in the rules.

For orders.

In passing orders on the Board's draft of the rules - regarding the compulsory maintenance of riding horses by certain travelling officers in the Revenue Department, the Hon. Mr. Poliss remarked "I think all Divisional officers - certainly all commanded ones - and all Collectors should be required to keep at least one servicable horse plus at least one servicable pony. The question of the necessity of horses was considered, I think, in regard to the Police and the arguments there used will apply here. A Magistrate on a pony would be lost sight of in a crowd and would thus be useless in suppressing a riot".

The Board of Revenue was accordingly informed in G. O. No. 125725-2.97 and every member of the India Civil

Civil Service in charge of a division, as well as every Collector, should be required to maintain two riding animals one of which at least must be a horse. With reference to this remark, the Board now enquires whether by a horse is meant an animal of 14.2 or over.

2. Since the issue of L.S.O. No. 125 Bdg 25-2-97 referred to above, the order in the Dist. Department, 1925-11-8-94 which required all Police Officers of and above the rank of Asst. Supt. to keep two horses or one horse (not under 14.2) and one pony, has, on the representation of the Inspector General of Police, been re-considered and it is directed that

(1) that Asst. Supts of the 5th grade and Probationers should be required to keep only one animal not less than 13.3 in height, and

(2) that Dy. S^r. General, Supts and Asst. Supts above the 5th grade

I think it wd be
so extended 14 hands will
be a sufficient height.

Keep two thoroughly sound riding animals, one not less than 13.3 and the other not less than 14 hands in height.

3. Orders are requested as to (1) whether it would be sufficient to extend the second of the above rules to the case of Collectors and Members of the Indian Civil Service in charge of a division or whether, as originally ordered, these officers should be required to maintain at least one horse of 14.2 or over, and also,

(2) whether in the case of other Divisional officers who are required to maintain only one animal, the minimum height of the animal should be laid down at 13.3.

4. In the case of Jabraids it seems hardly necessary to lay down any such limit, a pony of 13 hands or even less will serve their purpose, speaking, quite as well as one over 13^{hands} and further then;
