## Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture.)

Dated 27<sup>th</sup> April 1897.

No. 2981. Mis.

READ the following letter from the District Medical and Sanitary Officer, Anantapur to the Collector of Anantapur, dated 15<sup>th</sup> April 1897 No: 366:—

With reference to your letter R.C. No: 1744 dated 14<sup>th</sup> instant I have the honor to inform you that the Hospital Assistant on Cholera duty who visited the villages of Anantapur Atmakur, Maddigubba, Bratmanajalur and Paramatiyalur during the whole month of February reports that the cases returned as Cholera were actually suffering from Cholera and as far

far as he knows no cases of  
diarrhoea or Bowel complaints  
are returned as such. The wells  
in all the villages visited were  
disinfected with Permanganate  
of Potash and Cholera appears  
to have subsided in all the villages.

Endorsement thereon from the Collector  
dated 22<sup>nd</sup> April 1897 Rec. No. 1744:-

Submitted to the Board (Revenue  
Settlement) for information with  
reference to para 9 of its Proceedings  
No: 255/27-3-97.

Resolution

Recorded.
