GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following paper :—

G.O., No. 208, Revenue, dated 26th March 1897.

Read—the following Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 16th March 1897, Mis. No. 1994 :—

Read—the following letter from C. J. WEIR, Esq., Collector of Ganjám, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated 9th March 1897, R. C. No. 467-F. :—

I have the honour to submit, for the information of the Board, copies of standard estimates prepared by the District Engineer for the construction of kitchens in this district. The Engineer provides for tatti walls, which are cheap and most readily constructed, and are, in my opinion, all that is required.

2. The estimates provide for eight eating sheds in accordance with the standard plan, but where there are good topes, these may be dispensed with or constructed from time to time as may be necessary. It is not necessary to construct each kitchen on the full standard plan until the attendance justifies this extra expenditure.

3. I may take this opportunity of noting that no allotment for famine expenditure (except for relief to weavers) has as yet been applied for as allotted for this district. A statement of actual expenditure to end of February and probable requirements for March is under preparation, and will be submitted on necessary detailed information from divisional officers. The revised forecast of famine expenditure provides for Rs. 3,000 under the head of gratuitous relief in villages and Rs. 3,000 for kitchens. I request that funds for these purposes may be formally allotted. The cost of construction of kitchens was omitted from the forecast. I request that an additional Rs. 2,000 may be sanctioned under this head for the current official year.
