PETITION

REVENUE DEPT

GOVERNMENT OF MADRAS
24 APR 1897
CHIEF SECRETARY

To

His Excellency the Right Honourable,
The Governor in Council,
Madras.

The humble appeal petition of Ramaiyer and others patta no 49 mirasidars of Sattangudi village, a hamlet of Agarattur vattam no 146 Kumbakonam Taluk, Tanjore District.

May it please your Excellency,

We most humbly beg to represent to your Excellency's gracious notice and kind reconsideration the following few lines of our grievances brought down by the recent Settlement of the District regarding the state and quality of the irrigations of our village.

2. We had submitted a petition to the Board dated 2nd August 1896 regarding the poor state of the irrigation of our village, for which they have not passed any favourable or definite orders to make proper enquiry or inspection regarding our grievances on the state of the irrigation of our village. We humbly beg to bring to your Excellency's kind notice that the Board, without looking into our petition and considering the subject matter of our grievances,

have passed no favourable orders. The endorsement grieviously by the Board (No. 4735 dated 30 September 1896) on this subject, has no connection at all with reference to our petition stated above. If there is no remedy & justice to hear of our grievances in this Government, where shall we go for it. We have clearly explained in our petetion about the source of irrigation registered as Palavar channel in the Settlement instead of registering Ottai naikal from a drainage for which no definite orders were passed nor made any proper enquiry or inspection.

3. We therefore brought to your Excellency's kind consideration and mercy with a great desire that orders may be passed on the subject to make proper enquiry and inspection regarding our grievances. The endorsement No. 221 Mis. dated 16th January 1897 sent to us contains nothing but this, "no reason to grant the petitioner's request". If the Government ourlook to hear the grievances of the helpless ryots and to do justice, it should be considered that it is the misery and utter disappointment of the ryots and thereby no steps or proper justice may be obtained even from the subordinate officials.

4. The particulars of our grievances regarding the state of the irrigation of our villages are clearly shown in paras 4 & 5 of the petition submitted to Government in December 1896 last.

5. We humbly further beg to bring to your Excellency's kind consideration that, unless our petition is referred to the Board of Revenue to ascertain what kind of enquiry or inspection was made on the subject in question, we shall have no justice to satisfy ourselves in this Government.

6. We therefore humbly beg leave to submit this to your Excellency's mercy and reconsideration and to request that your Excellency will be gracious enough to be pleased to order a proper enquiry to be made regarding this irrigation of our villages and proper actions taken to redress our grievances and to protect us from this shear misery and despair by changing the registry of our irrigation source from the "Sattanguddi naikal of Palavar" into Sattanguddi ottai naikal drainage" and placing the drainage irrigation in the 3rd class similarly to the Eastern villages.

For which act of kindness and justice

we shall do in duty bound ever pray.

We respectfully beg to remain,
your Excellency's most
obedient and humble Servants,

22. April 1897. } R Ramudyar
