Circle Inspectors.—Requesting the Collector of Bellary to report at once the number of — he requires and authorizing him to entertain, in the meanwhile, Inspectors where they are urgently needed, pending formal sanction.

28/5/97

PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from H. A. STUART, Esq., Acting Collector of Bellary, to the Famine Secretary, Board of Revenue, dated 8th April 1897, Ref. on G. and B. No. 746:—

As already noted in my fortnightly narrative, I found on my inspection of the Daroji-Metri road work that the condition of the people employed there was not satisfactory and I directed the Tahsildar of Hospet to inquire whether the wages earned were being shared with non-workers. The Tahsildar accordingly made a house to house enquiry in the villages of those who were in poor physique and found in a number of cases that the non-working dependants were living on the wages of the workers. It is not easy and in many cases impossible to induce these non-working dependants to go to relief works or to kitchens. Those who are able to work remain at home to look after the cattle or the children, and those who are too old or too young for labour find the journey to the kitchen and back too much for them. For the time being I have taken steps to obtain immediate relief for the most urgent of the deserving cases from the Indian Famine Charitable Relief Fund but that fund was intended to supplement not to take the place of the Government measures of relief, and I accordingly have the honour to request sanction to appoint a Circle Inspector for this group of villages and to give grain doles in accordance with the provisions of the Famine Code. I also request that similar authority may be given to me for the Hospet taluk generally, and for the Bellary taluk. In the latter taluk one of the Stock Inspectors deputed to this district is already at work investigating claims for gratuitous relief.

RESOLUTION—dated 13th April 1897, No. 301.

The Collector is referred to B.P., dated 3rd April 1897, No. 278, and he is requested to report at once the number of Circle Inspectors he requires. Meanwhile he is authorised to entertain Inspectors, where they are urgently needed, pending formal sanction.
