official year from April till October.

V. On believing the poor and innocent rights we began to plough our a little portion of wet lands for paddy to sow

VI. But unfortunately we have not raised the paddy crop as that a little quantity of water of the tank is entirely exhausted

VII. It seems that the Tahsildar without considering of these difficulties of the poor rights has reported to your honour that the rice crop is in good state

Therefore we the poor and helpless rights are obliged to report our grievances and we very earnestly and respectfully beg your prompt and judicious honours to take care of the rights of the poor and the order may be issued to the collector of the district at an early date.
