Public Works workshops or Dockyard are unable to undertake the work owing to press of other demand. The record states that a vessel was built for the Collector of Xistna in 1887 for Rs 2262 and that therefore the saving anticipated is not very large. On the score of economy, the Collector's proposal may be approved.

Having in view the provisions of the Govt. of India Resolutions recorded with G.O. 209 dated 23. January 1891, it is suggested that before the work is given out to the Local Hind Engineer, an estimate of the cost of constructing the boat in the P.W. Workshops should be called for.
