MADRAS.

Printed March th.

Proceedings, 9th March 1897, No. 210.

MARCH.

Re-survey.—Recommending that the — of the Sattenapalle taluk, Kistna district, may be sanctioned.

PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from H. O'C. CARDOZO, Esq., C.I.E., Superintendent, Madras Survey, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated 2nd March 1897, No. 135-R. :—

I have the honour to forward a letter, Ref. No. 8304 of 1896, dated 14th February 1897, from the Collector of Kistna, recommending the re-survey of the Sattenapalle taluk, Kistna district. If sanctioned by Government, this work can form part of the survey programme for 1897-98. With regard to the last sentence of paragraph 2 of the Collector's letter, I agree with the Collector that the karnams could not perform the work satisfactorily except under professional supervision. But the work can be done by karnams, supplemented and supervised by surveyors, as in the other taluks of Kistna district which have lately been re-surveyed.

ENCLOSURE.

From J. N. ATKINSON, Esq., Collector of Kistna district, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture (through the Superintendent of Survey, Madras), dated Masulipatam, 14th February 1897, Ref. No. 8304.

Referring to B.P., Mis. No. 632, dated 5th February 1896, communicating G.O. sanctioning the re-survey of the Guntur and Nandigama taluks, I have the honour to request that the Board will be pleased to obtain the sanction of Government for the re-survey of Sattenapalle taluk.

2. The area of the taluk is 714 square miles. The following statement shows the condition of the boundary marks in the taluk :—

Field stones	...	...	{ Planted	...	...	121,197
			{ Lost or damaged	...	...	38,124
Theodolite stones	...	...	{ Planted	...	...	8,154
			{ Lost or damaged	...	...	1,932
Area of unsurveyed blocks	...	...	...	...	...	35,803.15

This shows that nearly a third of the marks require re-placement. Those that remain are of no help because they bear no mark.

A large extent of unclassified waste, viz., 23,060-20 acres has, since the survey, come into holding, its survey and sub-division having been done by karnams who had not undergone survey training. The remaining extent of the unclassified waste also is expected to be taken up in course of time. Under these circumstances, I beg to make the recommendation contained in paragraph 1 *supra*. To entrust the work to karnams would be most unsatisfactory.

3. The Assistant Superintendent of Survey reports that the re-survey of Nandigama and Guntur is expected to be completed by the end of April next, and the re-survey of any other taluk, if sanctioned, will have to be undertaken from 1st May next.

4. I have called for a report from my General Deputy Collector, whether he would consider necessary the re-survey of the taluks in his division and it will be submitted on receipt.

RESOLUTION—dated 9th March 1897, No. 210.

Submitted for the orders of Government.

2. In the circumstances stated by the Collector, the Board supports his recommendation that the re-survey of the Sattenapalle taluk, Kistna district, may be sanctioned.
