DISTRICT REPORTS.

GANJAM.

Water-supply insufficient for agricultural operations in Ganjam, Berhampur, Ichapur and Narsannapet taluks. Transplantation of paddy and ragi going on; paddy still being sown in places; paddy, ragi, gingelly, sugarcane and redgram thriving. Ragi harvested in Narsannapet and Parla-kimedi; outturn fair to middling. Pasture good; fodder available but dear. Condition of cattle generally good. More rain wanted; 2,175 maunds of food-grains including 2,150 maunds of ragi imported by sea; exports and imports of food-grains by rail 2,097 and 3,634 maunds, respectively. No emigrants during the week. Land improvement loans disbursed Rs. 12,800; agriculturists' loans disbursed Rs. 32,398. Kurmanadhapatruni tank work in Tekkali was closed on 17th instant.

VIZAGAPATAM.

Water-supply insufficient for wet cultivation. Drinking water still scarce in parts. Sown paddy in 13 taluks, and blackgram in one, transplanted ragi in 8, cumbu in 6, and paddy in 4 taluks. Agricultural prospects improving and weather favourable for dry crops which are doing well in most places, but wet cultivation very backward. Pasture everywhere fairly good except in parts of Vizagapatam, Anakapalle and Sarvasidhi taluks; fodder very scarce everywhere and not procurable in some parts. Condition of cattle generally good or fair. Prospects improved. More rain wanted. Condition of relief workers generally good. Food-grains imported from Jeypore 1,228 carts; also considerable local import from Godavari by road; exports by rail 2,213, imports 28,680 maunds; emigrants to Burma 562. Land improvement loans disbursed Rs. 4,800. Agriculturists' loans disbursed Rs. 93,012.

GODAVARI.

Water-supply short except in Delta, but generally sufficient for agricultural operations. Supply to Delta adequate; Godavari 3 feet over anikat crest. Sowing and transplantation in progress. Standing crops in middling condition. Ragi and gingelly being harvested; outturn bad to middling. Pasture insufficient, but fodder generally procurable. Condition of cattle and public health generally good. Prospects still gloomy. More rain wanted. Cocanada—exports rice 1,403, paddy 6,329, cholam 731, ragi 689. Imports—rice 1,000, ragi 996, bags of 164 pounds. Relief works at Bhadrachalam stopped on 18th. Relief work opened in Rajahmundry taluk by Public Works Department. Gratuitous relief being given to infirm and old in Bhadrachalam. Particulars not received yet. Cholam being sold at cheaper rates to Koyas, Panchamas and Madegas. Money for seed-grain being distributed to those who need it. No further arrangements necessary for the present. Physique of labouring classes on works good in Bhadrachalam and bad in Cocanada. Cholam short in some depôts in Bhadrachalam, but supply expected from Rajahmundry. Food supplies ample in Cocanada.

KISTNA.

Water-supply sufficient for drinking throughout and for irrigation in delta; irrigation tanks received fifteen days' to three months' supply in parts of uplands. Kistna 10.95 feet over anikat. Ploughing and sowing dry crops brisk in uplands; preparation of seed-beds in parts of, and transplantation throughout, delta. Paddy, cholam, cumbu, maize, gingelly, indigo and sajjia generally thriving owing to recent rainfall. Harvested indigo, outturn average to middling. Pasture improving; fodder getting scarce in parts. Cattle suffering in parts. Public health generally good. Prices still rising owing to exportation. Prospects improved. By sea exports 39, by rail imports 15, exports 344, hundred maunds.

KURNOOL.

Water-supply sufficient for irrigation in parts of Nandikotkur, Nandyal, Cumbum and Sirvel taluks. Water 2.2 feet above Sunkesala anikat. Supply in canal sufficient. Ploughing in Nandyal and Koilkuntla and sowings in other taluks. Standing crops reviving in parts of Nandikotkur, Nandyal, Ramallakota and Sirvel and require more rain elsewhere. Harvests nil. Fodder scarce throughout affected area and also parts of Cumbum and Markapur. Pasture still generally insufficient. Prospects improved except in Pattikonda where no rain has fallen. Cattle suffering in affected taluks and in moderate condition elsewhere. Public health generally fair. Loans disbursed—land improvement Rs. 1,49,930, agriculturists Rs. 90,071.

BELLARY.

Drinking-water sufficient. Ploughing and sowing for early crop in parts of all taluks. Crops under channels and wells good. Early dry crops good in Hospet, Harpanahalli and Hadagalli, elsewhere. Fodder scarce and dear. Cattle generally healthy, but emaciated in Alur, Bellary and parts of Hospet and Adoni. Health of people generally good; more rain wanted. Land improvement loans disbursed Rs. 3,42,788; agriculturists' loans disbursed Rs. 1,21,933. Wells under construction 173.

ANANTAPUR.

Water-supply insufficient for drinking in parts of Anantapur, Penukonda and Madakasira. Ploughing general; sowing cholam and transplanting ragi under wells, spring-channels and tanks. Standing wet crops under spring-channels fair to good; dry crops on unirrigated dry lands may still be saved by rain. Pasture sprouting; fodder insufficient; prickly-pear, *senti* roots and leaves of trees

being used as fodder in parts. Condition of cattle deteriorating—dying in numbers. Condition of workers and others generally good. Number employed on loans works 5,200. Where rain has fallen dry crops will improve. Prospects brighter. Further rain needed everywhere, particularly in Dharmavaram. Land improvement loans disbursed Rs. 2,09,803; agriculturists' loans disbursed Rs. 65,150. Number of wells under construction 932.

CUDDAPAH.

Several tanks have received from ten days' to two months' supply. Supply in wells has improved in places. Ploughing, sowing, baling and transplanting in progress. Standing crops fair; dry crops fading in parts. Tobacco and indigo harvested; outturn middling to average. Pasture springing up; fodder insufficient and dear. Condition of cattle poor in parts, fair elsewhere. Public health good generally. Land improvement loans disbursed Rs. 15,678; agriculturists' loans disbursed Rs. 3,104. Twelve wells completed; 99 under construction.

NELLORE.

Almost all tanks are dry; a few contain supply sufficient only for cattle. No flow over the Nellore and Sangam anikats; discharge at the Kanigiri reservoir sufficient for 15.08 per cent. of the irrigable area; supply inadequate. No discharge at the Nellore anikat. Cultivation going on under wells; otherwise restricted for want of rain; manuring fields in parts of two taluks. Standing crops generally fair, but indigo fading in parts of one taluk. Fodder generally available, but pasture almost nil. Condition of cattle generally good. Rain urgently wanted. Prices at nearly scarcity rates in parts.

CHINGLEPUT.

Some tanks contain fair supplies, but many are dry. Well supply good. Ploughing, sowing, weeding, transplanting and baling continue. Standing crops generally good. Paddy and indigo harvested; outturn middling to fair. Pasture generally sufficient, but scarce in parts; fodder available. Condition of cattle generally good. Rainfall though heavy in parts, deficient in others.

MADRAS.

Water-supply and fodder sufficient. Pasture improving after recent rains. Imports by sea—544 tons. By rail—imports 34,300 maunds, exports 5,700 maunds. Public health good.

SOUTH ARCOT.

Slight freshes in the Pennar, Gadilam and Cheyar. Ploughing, manuring, sowing, weeding and transplanting in progress. Standing crops generally good, but ragi and cumbu fading in parts of Villupuram for want of rain. Paddy, cholam, gingelly and indigo harvested; outturn middling to fair. Pasture and fodder generally sufficient. Condition of cattle generally good. Rain wanted.

NORTH ARCOT.

Slight freshes in Puthalpat and Pallur rivers of Chittoor taluk. Water-supply generally insufficient for agricultural purposes. Ploughing, sowing, transplanting, baling and harvesting continue. Standing crops generally good under wells, river channels and tanks having supply. Recent rains beneficial to standing crops. Paddy, cholam, gingelly and indigo harvested in parts; outturn generally middling to fair. Pasture generally scanty, but will be improved by recent rains; fodder generally available. Condition of cattle generally good. More rain wanted especially in north and extreme south.

SALEM.

Water-supply insufficient for irrigation purposes. Agricultural operations confined to lands under irrigation sources containing water. Ploughing, sowing and transplanting in parts. Standing crops good under tanks, wells and river channels, containing water. Gingelly, ragi and cumbu which where fading in parts may improve by recent rains. Harvests limited to lands under wells and river channels containing water. Paddy, cholam and cumbu harvested; outturn generally middling to average. Pasture scarce, but likely to improve owing to recent rains; fodder available. Condition of cattle good. More rain still wanted everywhere. Exports by rail 22,625 maunds, imports by rail 1,415 maunds.

COIMBATORE.

Water-supply insufficient in parts. Paddy, ragi, cholam and cumbu sown in parts. Standing wet and garden crops generally in good condition, but dry crops require rain. Cholam and cumbu harvested; outturn middling. Pasture insufficient, but fodder available. Condition of cattle generally good.

TRICHINOPOLY.

Water 1 foot over the Upper anikat and 2.65 feet over the Grand anikat on the last day of the week. Ploughing, sowing and transplanting in parts. Standing crops good. Harvests nil. Pasture and fodder sufficient. Condition of cattle good. More rain wanted.

TANJORE.

Water-supply generally bad outside the Delta. Delta supply abundant. Sowing and transplanting going on. Standing crops generally good to fair. Pasture and fodder generally sufficient. Condition of cattle generally good.

PUDUKKOTTAL.

Water-supply insufficient for irrigation in parts. Ploughing, sowing and transplanting continue. Standing crops good. Paddy and gingelly harvested; outturn of the former fair and of the latter poor. Pasture and fodder generally sufficient. Condition of cattle good.

MADURA.

Water-supply insufficient for irrigation except in villages commanded by the Periyar project. Ploughing, sowing and transplanting continue. Paddy seedlings raised in parts. Standing crops generally good. Paddy, cumbu, gingelly, ragi and cholam harvested; outturn fair. Pasture scanty, fodder available. Condition of cattle good.

TINNEVELLY.

Water-supply insufficient for irrigation in parts of Srivilliputtur. Discharge at Srivaikuntham anikat sufficient for standing crops. No flow over anikat. Ploughing, sowing and transplanting continue in parts. Standing crops good. Paddy, cholam and cumbu harvested; outturn middling. Pasture scanty in parts, but fodder available. Condition of cattle good.

NILGIRIS.

Sowing, transplanting and weeding going on. Standing crops good on plateau and improved in Gudalur. Harvests nil. Pasture and fodder sufficient. Condition of cattle good. Prospects unsettled owing to high prices.

MALABAR.

Transplantation of first crop progressing in parts. Young paddy thriving generally. Pasture sufficient; fodder available. Condition of cattle generally good. Prospects for September harvest good. Prices higher than scarcity rate and rising steadily. Much suffering amongst the poor.

SOUTH CANARA.

Water-supply sufficient. Ploughing, sowing and transplanting for first crop almost completed throughout. Standing crops generally in good condition, but slightly damaged by floods and insects in parts. Harvests nil. Pasture sufficient, but fodder scanty. Condition of cattle generally good. Prospects fair.

TRAVANCORE.

Paddy thriving. Water-supply and pasture sufficient. Condition of cattle good.

SEASON TELEGRAM TO THE GOVERNMENT OF INDIA, REVENUE AND AGRICULTURAL DEPARTMENT, SIMLA.

Week ending 24th July. Rainfall—Only local showers and storms. Little or no rain Coimbatore, Trichinopoly, Tanjore, Madura, Tinnevely, but this is normal. Northern Circars, normal; Deccan, heavy greater part of Kurnool and small part of Anantapur; fair generally in Bellary and Cuddapah; elsewhere generally normal or slightly in excess. Water-supply for drinking purposes generally sufficient; for irrigation generally insufficient except under Godavari, Kistna, Kurnool-Cuddapah, Trichinopoly, Tanjore and Periyar irrigation systems. Agricultural operations stimulated by recent rainfall, but rain still wanted in greater part Anantapur and parts of other Deccan districts. Harvests very limited; ragi harvested Ganjam with fair to middling outturn. Pasture generally scarce except Ganjam, Vizagapatam, South and West, but improving. Fodder insufficient Deccan; elsewhere generally available, but scarce and dear. Condition of cattle Deccan bad, deaths from starvation being reported from Anantapur; elsewhere generally normal. Prices very high and slightly fluctuating, but a downward tendency preponderates. Prospects generally brighter, but more rain still required. Ordinary relief workers—175,761 men, 281,401 women, 98,368 children, total 555,530 Deccan and Circars. Weavers—21,406 men, 18,538 women, 1,868 children, total 41,812 relieved at their own trade Deccan and Circars; grand total relief workers 597,342. Kitchen inmates, Deccan and Circars—dependants 337 men, 684 women, 21,067 children, 87 unspecified, total 22,175. Others—4,497 men, 9,352 women, 24,029 children, total 37,878. Otherwise gratuitously relieved—27,703 men, 70,776 women, 74,812 children, total 173,291, grand total on gratuitous relief 233,344; grand total on Government relief 830,686; also 4,990 persons employed on zamindari works in Ganjam. Prices by which wages regulated—Kurnool 8½, Ganjam 9, Bellary 9½, Bhadrachalam 10½, Vizagapatam 11, Anantapur and Cuddapah 12½. Loans disbursed in affected districts since commencement of distress—Rupees 11,40,967.

CHASCO REPORT.

Fairfield.

Fairfield has been up to or above the average in past week everywhere except in Bangor, Timineally, the village and H. L. The ^{de} fact is the case of Bangor is very slight. R has fallen over the district and except in the very extreme south has been everywhere been heavy. W has been very, fair rain, but it has been light at some stations. C has had good rain especially in Bangor and Chocoma. K has had good general rain and P has had excellent rain everywhere. P has had rain throughout but in some places the fall falls have been light. A has not had much rain and the southern has had especially been to have received little rain. S has had general

however in the sub-division. Bellare
 also had general rain light in the north
 and in the south. Chingleput had had heavy
 rain especially in the south of the
 district. S. P. R. S. had also had some
 general rain. Proctor had very heavy
 rain in the neighbourhood of Arcot and
 in the central parts of the district;
 in the north and south the falls have
 been lighter. Salem had had general rain
 but very light in parts; and Coimbatore
 had had but little rain confined mostly
 to the north of the district. Tamil Nadu
 had also had but little rain except in
 the northern portion of the district -
 north of Nilgiris. Tamil Nadu had
 rain more or less heavy in the
 north of the district. Madras had had
 little but lighter scattered showers.
Tirunelveli had had practically no rain.
The Nilgiris, Malabar and South Canara
 have had rain more above the average.
Public Health

Cholera still prevails
 in Ganjam, Vizagapatnam and Malabar. It is
 increasing in Bellary and Hornool. But

Bistur, Anantapur, Cuddapah and Bellare
 are quite free from the disease. Public
 health is generally reported good.

Prices.

Prices show a slight tendency
 to fall this week ^{Continued to fall} has been the
 case in the last four or five. In Vizag-
apatnam ragi and choler show slight
 fall and rice has fallen in 3 out of
 the 4 Decan districts. Rice in Godavari
 also shows a slight fall. In North
Arcot as in last year rice is above
 the scarcity rate and choler this week
 has touched it. Cum however shows a
 fall. Rice is above the scarcity rate
~~in the Decan~~
 in the Circars and Decan. Short in
Anantapur & Cuddapah
Proctor on relief.

Workers on relief
 have increased this week by about
 22,222 of whom 22,571 are workers and
 651 are women. Details will be found in state-
 ment appended G.

Prospects.

I have marked in the tele-
 grams the material portions in blue
 pencil to which reference is requested
