Proceedings of the Board of Revenue
(Revenue Settlement, Land Records and Agriculture)
Dated 3rd May 1897 No. 3093ms.

Read the following letter from the Collector of Ganjam, dated 27th April 1897, Tour C. No. 8/7 of 97:—

I have the honor to request orders as to whether the dole to dependants of destitute weavers who are in receipt of relief at their own trade, may take the form of "money dole" calculated on the actual value of the minimum wage provided in Section 120 Famine Code.

2. Under Board's Proceedings No. 278 dated 3rd April 1897 para 2 (c), this concession is only allowed to dependants of relief workers who attend at the works and whose caste prevents them attending Kitchens.

3. Weavers in this district will not attend Kitchens or allow their children to do so. The work is carried on at their own homes. The question then is whether these dependants are to be considered as attending "at the works".

4. As the weavers, at present in receipt of relief at their own trade, come from many different villages at some distance from Sompeta, I think that the dole, in cases in which the grant of the same is justified by the circumstances of the family, may take the form of an additional money wage to the actual worker.

Resolution

The Collector's proposal to grant money doles to the dependants of weavers does not meet with approval as it would be unsafe to give money doles to weavers coming from a distance for children whose existence might be fictitious. Weavers in Ganjam are not yet sorely pressed, but in cases where after due enquiry it may be found necessary to assist their dependants relief should be restricted to the grant of grain dole in their own villages. Care should be taken that grain doles are given to no persons who are capable of taking their share in weaving operations.
