Proceedings of the Board of Revenue

(Land Revenue).

Forest NO 375 Misc, dated 28th April 1897

Read the following endorsement of the Conservator of Forests, Southern Circle, dated 21st April 1897, Dis. NO 616, on letter from the Collector of Tinnevelly, dated 6th April 1897, Dis. NO 48.

Forwarded - This system ~~is~~ under trial differs from the arrangements in other districts where licensed grazing is allowed throughout Reserved Forests except over certain limited areas. In Tinnevelly the pasturing of cattle is permitted only in selected portions of the reserved forest considered sufficient for the purpose in addition to the unreserved lands. From the report it may be inferred that the plan has succeeded so far and that the demand made upon Reserved forests for pasturage is limited also that the supply of grazing in them is a comparatively unimportant matter which can be arranged without difficulty.

Resolution.

Submitted to Government with reference to para 11 of Government Order NO 143 dated 24th March 1896.

2 The Board concurs with the Conservator.

3 The Collector's letter of June 14,95 quoted in para 3 of the present report was submitted to Government with the B.P. read in Government Order 4413/Revenue dated 6th November 1895. The papers are again submitted for reference.
