Proceedings of the Board of Revenue (Land Revenue)
NO.1600 Misc.dated 4th May 1897.

Read the following letter from C.S.Middlemiss Esq.
B.A., Superintendent, Geological Survey of India, NO.11.S/R, dated ---
24th April 1897:-

With reference to Board's Proceedings NO.1428 Mis.
dated 14th April 1897, I have the honour to say that after perusal
of the papers enclosed I am of the same opinion as the Board that
specimens of the Kurnool iron ores should be collected and sent to
the Imperial Institute. As however the hot weather recess is now on
during which field-work in the Kurnool district is out of the ques-
tion, the words "without delay" in the Board's Proceedings must be
liberally interpreted. Subject, therefore, to the sanction of my Di-
rector I shall arrange to visit Kurnool for the above purpose at -
the close of the present recess viz. June 15th.

I have the honour to hope that this will meet the -
wishes of the Board, as, apart from the impossibility of arduous ---
field-work now, there is so much to be done at our local head-quar-
ters in examining the extensive collections already in hand, that -
any curtailing of our recess time would be ⁱⁿadvisable.

Resolution.

Recorded with the remark that the date, on which the
Superintendent proposes to commence his visit to Kurnool, appears -
to be suitable.

With reference to Board's Proceedings NO. 1428 Misc.

 the Imperial Institute. As however the hot weather recess is now on
 during which field-work in the Kinnool district is out of the ques-
 tion, the words "without delay" in the Board's Proceedings must be
 liberally interpreted. Subject, therefore, to the sanction of my Di-
