2. As regards (1), the hardship has been removed, vide para 4 of G.O. 216 dt 30-3-97

The Board's opinion might be taken on (2)

No information is available in the office in regard to Mr. Bradley's Paddeleti recommendations in 1891-92; the Board might be asked.

Estimates for the Peddapasupula project have already been sanctioned; and the work is ready to be started.

In BP 1661 dt 5.3.97 the Board has authorised the Collector of Cuddapah to begin work on the Rajoli project if necessary in anticipation of sanction & the Chief Engineer stated in March last that estimates for the Rajoli project were ready. Nothing further has been heard about the work nor is anything known about the Agadi-Kondayapalli canals. The P.W.D might be asked about these also.
