His Excellency the Governor in Council is pleased to declare under the provisions of Section 16 of the Madras Forest Act (V of 1882)

BOARD OF REVENUE (LAND REVENUE), FOREST No. 527, 26TH NOVEMBER 1896.

PROCEEDINGS OF THE BOARD OF REVENUE (LAND REVENUE).

READ—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 380, dated 14th March 1896:—

Read—the following letter from the Collector of North Arcot, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle); dated Kilminnel, 13th December 1895, Ref. on Board Current No. 119:—

I have the honour to enclose, in original, letter No. 447, dated 29th November last, received from the Forest Settlement-officer containing his final report of the settlement of block No. 135, Gundlapalle extension, in Gudiyattam taluk, and to request that Government may be moved to issue the notification under section 16 of the Forest Act, draft of which is enclosed in respect of the block.

2. The statement of area and condition, as required by Government Order, No. 640, dated 4th July 1887, is herein enclosed.

ENCLOSURE No. 1.—Area statement.

ENCLOSURE No. 2.

From W. C. McMURRAY, Esq., Forest Settlement-officer, North Arcot district, to the Collector of North Arcot, dated Mallepalle, 29th November 1895, No. 447.

I have the honour to report the conclusion of the settlement of the proposed Gundlapalle extension reserved forest, block No. 135, in the Gudiyattam taluk of your district.

2. The notification under section 4 proposing to constitute this area into a reserved forest appeared in the *Fort St. George Gazette*, dated 30th October 1894, and the proclamation under section 6 was published in the *District Gazette*, dated 1st December 1894.

3. The block was perambulated, inspected, and enquired into by me in July 1895. Two claims were filed, of which one was to Government patta usufruct rights over 25 tamarind trees and the other was to right of way over a foot-path. The former was rejected and the latter admitted. The rejected claim was disposed of on 26th July 1895 and the appeal time expired on 25th August 1895 without any appeal being filed.

4. The block is thus free of all rights except that admitted above.

5. The following are sent herewith:—

- B. Register of claims.
- Draft notification under section 16.
- Numerical statement of claims filed and disposed of.
- Sketch of the block.

6. The date in the draft notification is left blank. Two months' time will be necessary to have it duly published as required by the Act.

Resolution—Forest Mis. No. 380, dated 14th March 1896.

Returned to the Collector of North Arcot for amendment with reference to the following remarks:—

(i) The starting point of the north boundary is described as being about 179 links north of the north-east corner of survey No. 31 of Rangampetta, while the same distance is given as 290 links in the initial notification. The latter distance appears correct according to the sketch-map. If so, the location of the point of entrance of the only foot-path admitted within the reserve also requires correction.

(ii) It is observed from the draft notification that the south boundary of the Mortana reserve already finally notified forms the north boundary of the block in question. But the south boundary of the former reserve is given as a road in the final notification. The path referred to in paragraph 1 *supra*, being on the northern margin of the present block, is apparently identical with the above road. If so, it is not understood why the foot-path is not allowed for carts also.

(iii) In column 7 of the area statement in the notification under section 4, the block is said to be about two-thirds forest and one-third grass; whereas the present area statement states that the block is about half forest and half grass land. There is also a small difference in the "unoccupied area of the taluk" between the two area statements. These discrepancies require explanation.

2. An early reply is requested.

READ—also the following letter from the Collector of North Arcot, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated 16th May 1896, Ref. on Board Current No. 253:—

I have the honour, with reference to Board's Proceedings, Forest No. 380, dated 14th March last, to send herewith Forest Settlement-officer's letter, No. 116, dated 9th May 1896, which answers (i) and (ii) of paragraph 1 of the above Proceedings.

With reference to your District Forest-officer's Reference on Board Current No. 253, dated the 2nd ultimo, communicating Board's Proceedings, Forest Mis. No. 380, dated the 14th March 1896, relating to the settlement papers of Gundlapalle extension block No. 135 of Gudiyattam taluk, I have the honour to submit seriatim my replies to the several remarks of the Board.

Paragraph I (i).—From Mr. McMurray's notes on perambulation, the starting point of the north boundary is only 179 links north of the north-east corner of survey No. 31 of Rangampetta and not 290 links as given in the initial notification and so the location of the point of entrance of the foot-path requires no correction. The map is incorrect and has been rectified.

Paragraph I (ii).—The road given as the southern boundary of Mortana reserve is incorrect. It is a foot-path and not a cart-track. The same is impracticable for carts. The Board's presumption in the latter part of this paragraph is correct.

Paragraph I (iii).—This refers to your District Forest-officer.
