if he thought that an experiment on a scale larger than the one authorized by Mr. Cole was necessary to ensure success, and have also asked him to give us very early intimation of the result of the experiment we have also asked Mr. King about compressed fodder from Burma (vide No. 14). No communication has yet been received from the Board regarding free grazing in forest reserves.

Proceedings of the Board of Revenue
(Rev: Settlement, Land Records and Agriculture)
Dated 13th May 1897 No. 3384 Mus.

Read the following letter from the Collector of Anantapur dated 10th May 1897 No. 111:—

With reference to Board's telegram dated 5th instant I have the honor to state that the question of importing fodder from the favoured districts is still under consideration. The Central Committee has informed me that it cannot undertake the purchase and I have now written to the Collector of more favoured districts on the subject. I am also writing to the Railway Companies to ask if they will give me reduced rates for transport of fodder.

Resolution

The Collector will be informed that the Indian Famine Charitable Relief Fund Committee has decided to allot funds to assist in the importation of fodder into the Decan District. Arrangements have been made in Madras for despatching 500 tons pressed into bales of 500 lbs each at an early date, to be laid down at Eddapah, Erraguntla, Tadpatri, Gooty, Guntakal and perhaps Aspari. The first consignment of 10 tons will be despatched ^{on} Saturday night to Tadpatri.

2. Further details will be communicated very shortly.
