Mr. De. Minlon has no authority to issue orders in his professional capacity at all and he has surprised the fact. Though ending Engineers letter apparently he has not always done so. He runs stuff with Departmental pretence, which is the opposite of his true work and hand writing.

SUBJECT.

Submitting Copy of Superintending Engineer's letter called for in D.O. No. 37

The letter is different from what I expected & shows that Mr. De. Minlon knows his position & accepts it. This may be recorded.

Anantapur

Sir

In reply to your no. 1244 dated 7th March 1897, I have the honor to state that I cannot send orders to my Subordinates through any officers of another department. I shall, however, be happy to send you a copy of any orders I may issue to the Assistant Engineer, in charge of Famine works, Anantapur, on non-professional matters; but such orders, under the recent ruling of Government, will be very

very rare. I may think it the height
of inhumanity to refuse to provide
shelter for relief workers breaking
metal under a march sun, but
it has been pronounced to be
not my business to interfere in
the matter, and I am not going to
do so.

I have etc
