Sir,

The Compensation work in this and the Amalapur Taluk offices having been found to be too heavy for the regular establishment to cope with, recommendation was made in this office Reference no 1955/Rev of 95 d 18-9-95 for the entertainment for one year of a special clerk on Rs 25 in this office and one on Rs 15 in the Amalapur Taluk office, which was sanctioned in G.O. No 81 mis/9-1-96 Communicated with your endorsement no. 391/41 of 96 d 17-2-96.

2. These special clerks were respectively entertained on the dates noted in the margin so that their terms will be over on the 11th and 19th May 1897 respectively.

Sub Collector's office-12th May 1896.
Amalapur Taluk office 20th May 1896.

3.

3. The work in the Compensation branches of this and the Amalapur Taluk offices still continues to be heavy and the last year's experience shows that a special clerk is absolutely necessary for keeping this important work up to date and in a satisfactory Condition. Emergent acquisition of lands in connection with diversions of river embankments and other public works has become a frequent necessity and the tendency of cases has not been reduced in spite of strenuous efforts on the part of the Huzur and Taluk offices. Since the transfer of this branch in entirety to the Divisional offices and since the New Act came into force and under the multiplicity of orders issued thereunder the time of a clerk is now fully occupied for this work. As a matter of fact the special Compensation clerk and another clerk on Rs 15 are in charge of solely this work in this office. If this work be again thrown on the regular establishment which is already overworked I am afraid it will again fall into arrears so that a special establishment will again be needed to clear it off.

4. The enclosed statement shows the particulars of work done during the last 14 months by the special Compensation clerks in this and the Amalapur Taluk offices. I therefore strongly recommend that sanction may be obtained for their retention at least for another year.

5. The amount of work involved in each case is enormous. After the land statement is received from the offices who proposes to acquire the land, draft declarations have to be prepared in duplicate by the Tahsildar and when the acquisition is sanctioned he has to submit proposals for Compensation in duplicate and frequently to prepare also statements of Benig deductions.

They have to be carefully checked in this office and supposing no errors are found which seldom happens and the award is passed, two award statements have to be prepared with subsidiary statements showing the amounts accepted and B form receipts which vary in numbers from 1 to 20. All these statements contain many columns of figures and require most careful checking.

To show the amount of work required from the above, it may be noted that from the time the original application is received to the final passing of the award, the Divisional officers must sign or initials 15 forms and in the majority of cases the number is nearer 30.

2. I agree with the Sub Collector in thinking that a special Compensation clerk on Rs25 is necessary for his own office and another on Rs15 for the Taluk office Amalapuram, for at least a year more and request that the sanction of Government may be obtained for the retention of the special temporary establishment sanctioned in B. P. No 294 m/s, 20-1-98 till 16th May 1898.

From The Board of Revenue

Dated 17 — 5 — 1897.

FOR ORDERS.

A temporary establishment consisting of two clerks — one on Rs. 25 and the other on Rs 15 — was sanctioned for a year in G.O. No. 81 dt. 9-1-96 for employment on compensation work in the Subdivision of the Godavari district. The Subcollector and the collr now request that the retention of the establishment for another year maybe sanctioned, as its retention for that period is absolutely necessary. The Board supports the proposal and as the terms of the sanctio

already accorded expired on the 11th and 19th May (89). It has instructed the Collr by wire to continue the establishment pending the sanction of Govt.

2. No provision has been made in the budget estimates for (897-98 for the continued employment of the establishment in question and the Board has requested the Collr to state whether the charge can be met by a reappropriation from the allotments applied for by him under "supplies and services" or "contingencies" under "3 Land Revenue charges for District administration" for the current year. The Board reports that if the charges cannot be met either from district allotments or

It is not known what prospect there is of the Financial Dept sanctioning an additional allotment of funds under this head. In any case it is submitted that before sanctioning the retention of the establishment for a further period as proposed, the Govt should know how the additional expenditure which the proposal involves is to be met. The following draft is accordingly submitted:-
