Remarks.

Crissa -

Decrease in Sales in Chatrapur (Puri) is reported to be due to the opening of the Railway and the consequent facilities for the transport of Ganjam and Kanpada Salt.

Chatrapur (Madras) A : - Decrease in Sales is due to the traders of Cuttack resorting to Kanpada where the Salt is selling at a comparatively low rate.

Decrease in Collections is due to smaller Cash Sales.

Chicacole B : - Increase in Sales is due to the Cuttack traders resorting to Kanpada for the purchase of excise salt, to the absence of rains at Calcutta - Patnam which is said to have induced some of the agriculturists to trade in Salt and to the sale of monopoly salt at Karasa by auction. Increase in Collections is due to larger Cash Sales.

Bocanada C - Increase in Sales is due to the opening of the monopoly salt at Punguonam for sale and the consequent reduction in the price of excise salt. Increase in Collections is due to larger Cash Sales.

Chisulipatnam D : - Decrease in Sales is due to the bad quality of the Salt on sale at the Manginapadi factory. Increase in Collections is due to larger Cash Sales and to larger realizations on account of previous credits.

Nellore E : - Decrease in Sales during the month is due to the traders having been engaged in agricultural operations. Increase in Sales up to the month is due to (1) a large number of merchants from Cuddapah resorting to the Chikapalle factory on account of the light quality of the Salt there and (2) competition from the licences of the Krishna Patnam factory and its extensions and to there being no cess during the current year in the Excise

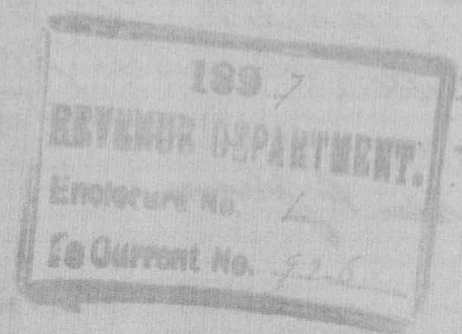

factory

factory and Extension No. I. Decrease in collections is due to smaller realizations on account of previous credits. Chingapatam F:- Decrease in sales is due to the rains during November and in the early part of December and to the fact that the salt of the Ennore factories is being displaced by the salt from the factories of the Madras Salt Division owing to the demand by the holders of the Ennore Circle of a very high price for their sifted salt. Decrease in collections is due to smaller realizations on account of previous credits. Nagapattinam G:- Decrease in sales is due to the high rate at which Messrs. Parry & Co. sell their salt at Manambadi to the prevalence of cholera to the inability of the licensees at Nagilankottai to deal independently of the capitalists whose agreement with the former expired by the end of 1895 and who have not yet renewed their contract. Decrease in collections is due to smaller realizations on account of previous credits. Tirumochi H:- Increase in sales during the month is reported to be due to the high quality of the salt sold at certain factories. Decrease in sales up to month is due to the bad quality of the salt sold at the Umanthoor factory and to the larger demand for salt for export in the corresponding period of last year. Decrease in collections is due to smaller realizations. Baticut I:- Decrease in sales is due to the unfavorable character of the season for fishing.

Statement showing the stock of salt stored and unstored in the several Excess and Monopoly factories on the 1st January 1897.
