*The Secretary to the Government of Madras,

Forests.

Simla, the 20th May 1897.

SIR,

THE Government of India found it necessary to defer consideration of the proposals for the revision of Forest Office Establishments, received in response to Circular No. 36-F., dated the 22nd November 1892, until the more important question of the reorganization of the Subordinate Forest Service had been dealt with. This latter question has now been disposed of, and the Government of India now propose to consider the question of the Clerical Staff of the Forest Department. The information on this subject which has already been supplied by Local Governments and Administrations is not, however, in all cases as complete as could be desired; while they may perhaps desire in some cases to revise their previous proposals.

2. I am directed, therefore, to request that the Government of India may be favoured, at an early date, with a statement in the form appended, together with such additional remarks or suggestions as may be considered necessary. It will be observed that a column for "temporary establishment" has been retained under the heading "proposed scale." It has been suggested to the Government of India that it might be well to retain a certain small proportion of both the clerical and menial appointments on a temporary footing to act as a probationary stage; and I am to ask for an expression of opinion upon this suggestion.

3. I am to add that the statement called for above should show in detail separate figures for each Forest Division in *the Madras Presidency*.
