2. The following discrepancies are noted in the sketch-map and draft notification as drawn up by the District Forest-officer:—

(i) The starting point of the north boundary is, according to the sketch-map, the north-east corner of Mallavaram and not of Matsvaram Agraharam as given in the notification.

(ii) On passing the north and west sides of survey No. 507 of Goli village, the south boundary line runs, according to the village map, along the west sides of survey Nos. 495, 570 and 571 to the north-east corner of survey No. 575, and not along the west sides of survey Nos. 465, 570 and 574 as given in the draft notification and map. The necessary corrections have been made in this office.

(iii) Similarly, the draft notification and the sketch-map submitted differ in describing the south boundary past the west side of survey No. 524 of Goli. The former describes it as passing along the south and east sides of survey No. 494-17, while the latter takes the line along survey No. 494-11.
