MARCH.

Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 16 of the Forest Act for the constitution of the Kunjaram block, in the Tirukkóyilúr and Kallakurchi taluks, South Arcot district, as a reserved forest.

PROCEEDINGS OF THE BOARD OF REVENUE (LAND REVENUE).

READ—the following letter from A. E. CASTLESTUART STUART, Esq., Collector of South Arcot, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated 3rd July 1896, Cur. No. 762:—

I have the honour to report the conclusion of the settlement of the proposed Kunjaram reserved forest, No. 115, in the Tirukkóvilúr and Kallakurchi taluks of this district.

2. I enclose the Forest Settlement-officer's letter, No. 230, dated 10th May 1895, with its enclosures, viz.:—

- (1) B. Register of claims. (3) Sketch-map.
(2) Numerical statement. (4) Draft notification.

3. Further, in accordance with order, I append the District Forest-officer's statement of area and condition:—

STATEMENT of area and condition.

Taluk.	Number and name of block.		Total area of the taluk.	Extent of Government land.		Area of reserves already notified under section 16.	Area of reserves under settlement.	Area of reserve now submitted.	Character of land proposed for reservation.		Sketch-map.

Tirukkóvilúr. Kallakurchi.	115	Kunjaram.	ACS. 364,180 555,520	ACS. 186,180 176,780	ACS. 141,734 361,276	ACS. 40,539 55,412	ACS. 8,292 43,561	ACS. 795 405	ACS. 530 270	ACS. 265 135	One.

4. The area of the block as notified under section 4 was 5,090 acres, but on account of the exclusions ordered at settlement about 3,883 acres have been thrown out and nearly 7 acres have been treated as an enclosure within the block free from reservation. The area of the block as it now stands is therefore 1,200 acres which is the area entered in the sketch and the statement given above.

5. The considerable reduction in the area of the block, as originally notified, was due to the exclusion by revision of boundaries of patta and assessed waste lands and irrigation tanks, and also to the abandonment of the entire southern portion of the block mainly on account of tanks, the inclusion of which in areas proposed for reservation was objectionable.

ENCLOSURE. No 1.

From W. C. McMURRAY, Esq., Forest Settlement-officer, South Arcot District, to the Collector of South Arcot, dated Palmanér, 10th May 1895, No. 230.

I have the honour to report the conclusion of the settlement of the proposed Kunjaram reserved forest, block No. 115, in the Tirukkóvilúr and Kallakurchi taluks of your district.

2. The notification under section 4 proposing to constitute this area into a reserved forest appeared in the *Fort St. George Gazette*, dated 14th June 1892, and the proclamation under section 6 was published in the *District Gazette Supplement*, dated August 1892.

3. The block was perambulated, inspected and inquired into by me in April and May 1893. Sixty-eight claims in all were filed for the following rights:—

- (i) Fourteen claims were to Government patta and inam rights over 568·88 acres of land.
(ii) Nineteen claims were to right of way over cart-tracks and foot-paths.
(iii) Seven claims were to right to shrines and right of way to them and also right to use the water of a kolam.
(iv) Twenty-eight claims were to miscellaneous rights.

Thirteen claims involved in item (i), fifteen in item (ii), seventeen in item (iv), and the claims in item (iii) were fully admitted; one claim in item (i) and six claims in item (iv) were partly admitted and partly rejected, and the rest were fully rejected.

The last claim was disposed of on 14th March 1894 and the appeal time expired on 13th April 1894, without any appeal being filed. The final report could not be submitted earlier as exchanges for certain lands had to be effected.

The District Forest-officer's final answer regarding the disposal of certain lands was received on the 24th December 1894 and the report of the Deputy Tahsildar of Ulundurpet regarding the exchanges of the same lands was received on the 18th March 1895.

4. By the exclusion of certain fields the block has been divided into two portions.

5. The block is thus free of all rights except those admitted above.

6. The following are sent herewith:—

- (a) B. Register of claims.
(b) Draft notification under section 16.
(c) Numerical statement of claims filed and disposed of.
(d) Sketch of the block.

7. The date in the draft notification is left blank. Two months' time will be necessary to have it duly published as required by the Act.

P.S.—After the submission of the above the papers were returned stating that the District Forest-officer wishes to exclude the southern portion of the block altogether and also the tank-beds included in the northern portion of the block as shown in the sketch.

15	Anandathirha Achari, karnam of Sambhadevi.	27th April 1893.	Brings to notice the existence of the following patta lands included within the reserve:—	Village accounts and evidence of the karnam.	Does not contest the claim and says that survey Nos. 203 and 204 lie in the portion proposed to be cut off from the reserve. The lands claimed in survey No. 205 may be excluded if it lies close to the boundary, if well within the block it may be kept as an enclosure or acquired by granting other lands in exchange outside the reserve.	The claim being valid according to the village accounts, it is admitted. The lands in survey Nos. 203 and 204-B will be excluded from the reserve by the revision of boundary. The acquisition of the other lands will be arranged for in due course. (Signed) W. C. McMURRAY. 25th January 1894. As acquisition by exchange of the lands in survey Nos. 205-B and 205-C could not be effected they will be demarcated out free from reservation and be retained as enclosures. (Signed) W. C. McMURRAY. Forest Sett.-officer.

Not contested Do. 18. Right for the removal of silt is contested 20. If the kail lies in the portion proposed to be excluded, order may be passed as lying in that portion if within the portion to be retained to treat it as an enclosure with usual access. 21. Contests it not being based on any prescriptive right.	The rights in claims Nos. 16 and 17 being valid are accordingly admitted. The cart-track will be open for carts, men and cattle to a width of 4 yards. The right to the silt in claim No. 18 is rejected, as the same is not covered by patta. The ryots have hitherto been simply allowed to enjoy same as a privilege. The right to repair the bund and bed of the tank will be admitted subject to the following conditions:— (a) Due notice be given to the officers of the Forest Department at the time of making the repair. (b) All cuttings, &c., be made over to the officers of the same department. The right to the kail in claim No. 20 is admitted. It will be excluded from the reserve by the revision of boundary. The right in claim No. 21 is clearly based on prescriptive title. I have seen the site. It is the only flat rock within reach of the village and therefore must have been used from time immemorial for the purpose that it is claimed. I consider the claim valid and accordingly admit it. (Signed) W. C. McMURRAY. 26th January 1894. Note.—By the revision of boundary adopted by the District Forest-officer in his Cur. (b) north of survey No. 109, and running east for about three and a half furlongs to survey No. 110-B.
(58) It branches from the cart-track in claim No. 66, about a furlong north of the point of its entrance into the reserve, runs north by east for about nine furlongs and meets the cart-track in claim No. 33. It again branches from the cart-track in claim No. 33 about half a furlong south-east of the Bhandam stone at the westernmost point of survey No. 130 of Sirunavalur, runs north for about one and a half furlongs and quits it about half a furlong south-west of the point of its entrance into the reserve, runs north by east for about nine furlongs and meets the cart-track in claim No. 33. By the revision of boundary adopted by the District Forest-officer the cart-track will now enter the reserve about three-quarters furlong south of the south-east corner of survey No. 138 of Tennerikuppam, runs north-north-east for about six and a half furlongs and meets the cart-track in claim No. 33 at the point of its exit in the reserve.
(59) Access is allowed for men and cultivating cattle to a width of four feet by a branch path branching from the cart-track in claim No. 69 at the point where it branches from the cart-track in claim No. 33 and running south by west for about one and a half furlongs to the lands.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 94, dated 8th March 1897:—

Read—the following letter from A. E. CASTLESTUART STUART, Esq., Collector of South Arcot, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated 3rd July 1896, Cur. No. 762:—

I have the honour to report the conclusion of the settlement of the proposed Kunjaram reserved forest, No. 115, in the Tirukkóyilúr and Kallakurchi taluks of this district.

2. I enclose the Forest Settlement-officer's letter, No. 230, dated 10th May 1895, with its enclosures, viz.:—

|----------------------------|-------------------------|
| (1) B. Register of claims. | (3) Sketch-map. |
| (2) Numerical statement. | (4) Draft notification. |

3. Further, in accordance with order, I append the District Forest-officer's statement of area and condition:—

STATEMENT of area and condition.

Taluks.	Number and name of block.		Total area of the taluk.	Extent of Government land.		Area of reserves already notified under section 16.	Area of reserves under settlement.	Area of reserves now submitted.	Character of land proposed for reservation.		Sketch-map.

4. The area of the block as notified under section 4 was 5,090 acres, but on account of the exclusions ordered at settlement about 3,883 acres have been thrown out and nearly 7 acres have been treated as an enclosure within the block free from reservation. The area of the block as it now stands is therefore 1,200 acres which is the area entered in the sketch and the statement given above.

5. The considerable reduction in the area of the block, as originally notified, was due to the exclusion by revision of boundaries of patta and assessed waste lands and irrigation tanks, and also to the abandonment of the entire southern portion of the block mainly on account of tanks, the inclusion of which in areas proposed for reservation was objectionable.

ENCLOSURE No 1.

From W. C. McMURRAY, Esq., Forest Settlement-officer, South Arcot District, to the Collector of South Arcot, dated Palmanér, 10th May 1895, No. 230.

I have the honour to report the conclusion of the settlement of the proposed Kunjaram reserved forest, block No. 115, in the Tirukkóyilúr and Kallakurchi taluks of your district.

2. The notification under section 4 proposing to constitute this area into a reserved forest appeared in the *Fort St. George Gazette*, dated 14th June 1892, and the proclamation under section 6 was published in the District Gazette Supplement, dated August 1892.

3. The block was perambulated, inspected and inquired into by me in April and May 1893. Sixty-eight claims in all were filed for the following rights:—

- Fourteen claims were to Government patta and inam rights over 568·88 acres of land.
- Nineteen claims were to right of way over cart-tracks and foot-paths.
- Seven claims were to right to shrines and right of way to them and also right to use the water of a kolam.
- Twenty-eight claims were to miscellaneous rights.

Thirteen claims involved in item (i), fifteen in item (ii), seventeen in item (iv), and the claims in item (iii) were fully admitted; one claim in item (i) and six claims in item (iv) were partly admitted and partly rejected, and the rest were fully rejected.

The last claim was disposed of on 14th March 1894 and the appeal time expired on 13th April 1894, without any appeal being filed. The final report could not be submitted earlier as exchanges for certain lands had to be effected.

The District Forest-officer's final answer regarding the disposal of certain lands was received on the 24th December 1894 and the report of the Deputy Tahsildar of Ulundurpet regarding the exchanges of the same lands was received on the 18th March 1895.

4. By the exclusion of certain fields the block has been divided into two portions.

5. The block is thus free of all rights except those admitted above.

6. The following are sent herewith:—

- B. Register of claims.
- Draft notification under section 16.
- Numerical statement of claims filed and disposed of.
- Sketch of the block.

7. The date in the draft notification is left blank. Two months' time will be necessary to have it duly published as required by the Act.

P.S.—After the submission of the above the papers were returned stating that the District Forest-officer wishes to exclude the southern portion of the block altogether and also the tank-beds included in the northern portion of the block as shown in the sketch.

ENCLOSURE No. 2.

If the koil lies in the portion proposed to be excluded, order may be passed as lying in that portion if within the portion to be retained to treat it as an enclosure with usual access. 21. Contests it not being based on any prescriptive right.	The rights in claims Nos. 16 and 17 being valid are accordingly admitted. The cart-track will be open for carts, men and cattle to a width of 4 yards. The right to the silt in claim No. 18 is rejected, as the same is not covered by patta. The ryots have hitherto been simply allowed to enjoy same as a privilege. The right to repair the bund and bed of the tank will be admitted subject to the following conditions :— (a) Due notice be given to the officers of the Forest Department at the time of making the repair. (b) All cuttings, &c., be made over to the officers of the same department. The right to the koil in claim No. 20 is admitted. It will be excluded from the reserve by the revision of boundary. The right in claim No. 21 is clearly based on prescriptive title. I have seen the site. It is the only flat rock within reach of the village and therefore must have been used from time immemorial for the purpose that it is claimed. I consider the claim valid and accordingly admit it. (Signed) W. C. McMURRAY, Forest Sett.-officer. 26th January 1894. Note.—By the revision of boundary adopted by the District Forest-officer in his Cur. No. 1328, dated 17th September 1895, these claims will now lie in the excluded portion of the reserve. (Signed) W. C. McMURRAY, Forest Sett.-officer. 2nd April 1896.

Resolution—Forest No. 94, dated 8th March 1897.

Submitted to Government with the request that the draft final notification, as slightly altered by the Board, may be approved and ordered to be published in the *Fort St. George Gazette*, the reservation to take effect from 30th June 1897.

2. The following points are noticed in connection with the settlement records:—

(i) *Claim XXXII.*—The cart-track, though rejected, lies, according to the sketch-map, outside the reserve by revision of boundary. Similarly, the lands relinquished in claims XXXVII and XLVII as well as survey Nos. 71 A and E in the latter claim sold for arrears of revenue and bought in by Government fall outside the forest owing to subsequent revision. In these cases, the Forest Settlement-officer should have added a note to this effect in the remarks column of the register as in the case of other claims so as to make the claim register clear and complete in itself.

(ii) *Claims XL and LXI.*—The total extent of lands dealt with comes to acres 90·56 and 116·99 and not to acres 99·56 and 117·29 as given in the register. The Board has made the necessary correction in the records.

(iii) *Claim XLII*.—The cart-track quits the reserve north-west and not west of the south-west corner of No. 515 of Kunjaram village as in the register and notification. The two documents have been corrected.

(iv) *Claim LIV*.—The access to the shrine is given as the cart-track in item I (7) in the draft notification. This is apparently a clerical error for I (5). The name of the tangel occurring in the description of the shrine is not given in the sketch-map.

3. Although the block, as originally notified, was 5,090 acres in extent, its area has been reduced at settlement to 1,200 acres owing to the exclusion from the reserve of many irrigation tanks and assessed waste lands.

OFFICIAL MEMORANDUM.

From the Forest Settlement-officer's decision on claim No. XL, it would appear that 1.50 acres in survey No. 541-A. of Kunjaram village were demarcated out free from reservation and retained as an enclosure. The Board is accordingly requested to state whether the omission to mention this decision in the draft notification was intentional or due only to inadvertence.

Resolution—Forest Mis. No. 343, dated 13th April 1897.

With reference to the Official Memorandum read above, the Board submits that the extent of land in survey No. 541-A of Kunjaram village referred to by Government, though demarcated out as an enclosure in the first instance, has been subsequently sold for arrears of revenue and bought in by Government—vide foot-note against claim 43 at page 13 of Board's Proceedings, Forest No. 94, dated 8th March 1897. The field in question has accordingly not been recorded as an enclosure in the draft notification.
