e of two lamps
Rs 48-8-0 for
Revenue Secretariat

To
Feb 97

To The Secretary to the
Revenue Dept
Fort St George

Contingent Bill for Rs. 303-9-5 has been passed
for Rs 255-1-5 & the difference Rs 48-8-0 being
the cost of two lamps of European manufacture
each costing more than Rs 10 has been disallowed
for want of sanction of Govt.

LATEST INVENTION.

BRILLIANT LIGHT!

THE PIONEER INCANDESCENT OIL LAMP is the only Lamp of the kind, requiring no connection with the gas. It is simple in construction and hence it has created a great furor wherever used. The sales in Europe have been extensive, considering the short space of time this Lamp has been placed before the Public.

The Burner of the Pioneer Incandescent Oil Lamp can be easily fitted on any Kerosine Oil Lamp. The burner is made of very substantial metal and its construction is very simple; it is manufactured by the well-known and eminent maker, Mr. JULIUS PINTSCH, of Berlin. On this Burner no other mantles are used except the Patented Mantles by Dr. Carl Auer von Welsbach.

No Burner of the Pioneer Incandescent Oil Lamp is genuine unless it is marked "Gasgluhlicht Patent, Dr. Auer von Welsbach."

The light of the Pioneer Incandescent Oil Burner is acknowledged to be cool and clear to the sight and brighter than electric incandescent light.

The Pioneer Incandescent Oil Lamp combines the most intensive lighting power with the smallest amount of heat and requires no special treatment.

No smoke at all. The chimney and ceilings never will get black. The wick requires no cleaning and cutting as in kerosine oil lamps.

We guarantee to supply all over India our Incandescent Oil at the cheapest price in 1 to 5 gallon drums.

The cost for lighting the Pioneer Incandescent Oil Lamp is $\frac{1}{4}$ anna per hour, and considering the brilliant light, it is much cheaper than any kerosine oil lamp.

We have a large stock of Table, Hanging and Standing Lamps, as well as Garden and Street Lanterns; also a great variety in Chandeliers, Brackets, suitable for the Pioneer Incandescent Oil Lamp.

INSPECTION INVITED.

C.R.

5/2/97

The under secretary wanted me to make enquireis about Incandescent lamps before ~~making~~ purchasing the other Kerosine lamps - I did make the necessary enquirees. The cost of the patent burner with globe & Chimney is Rs 25. The burner can be fitted on any Kerosine lamp for which we will have to pay an additional price according to the lamp we may select. The price seems to me to be exorbitant. It would appear that the oil which is a sort of Metaglated spirit can be had only from the Incandescent oil lamp Co. I understand that the Public Deptt. will send us shortly some hanging lamps. received from England & I therefore propose to wait until this supply is received.
