Resolution

Submitted to Government.

2. It is observed that while the total number of cases in which title deeds have been prepared and submitted to the Collector is shown as 123 in columns 9 & 40 of Form B of the Progress report, the number of cases entered in column 13 of Form A as having been received during the month in the Collector's office is only 17. The discrepancy is explained to be due to columns 9 & 40 of Form B showing the number of title deeds submitted to the Collector as well as those prepared but not submitted by Tahsildars during the month. The Collector will be informed that the cases, in which title-deeds have not been submitted to the Collector, are not intended to be shown in the columns referred to ^{and} should be excluded in future statements.

2. It appears from the marginally noted extract ^{from} of the entries in cols 42 to 44 of Form B of the Progress Report that the extent in acres viz 13, entered against Cochin taluk is ~~very much~~ ^{very much} less than proportionate to the number of lands (196) and the Jamnam value (Rs. 335,940), as compared with the figures shown against the other taluks. The figures should now be verified and the result reported.

3. The progress in the Walluvanad taluk, where the work remaining to be done under the new settlement, is heavy, is not satisfactory.
