Dated 27th May 1897.

No. 3828 Dis.

READ

The following letter from the Collector of South Canara, dated 20th May 1897, C. No. 1572 of '97:—
Acc.

I have the honor to bring to the notice of the Board that the price of rice, the staple food grain of this District, has for some time been above 12 seers for a rupee, in Mangalore, the headquarters station of the District where most Government servants live and in Udupi.

2. In April the average rate at which 2nd sort rice the variety mostly consumed by the low paid class of servants available for a rupee in Mangalore and Udupi was 9.35 and 9.97 seers respectively, the District average being 10.38 and

During the last 3 weeks, RACK
 current month, has been as shown
 in the margin the warning and
 scarcity rates fixed
 by the Board in
 their Proceedings
 No. 308 dated 2nd
 November last being 11.20 and 8.40
 respectively.

	Weeks ending		
	1 st May - 8 th May	8 th May - 15 th May	
Mangalore.	9.60	9.60	10.10
Udipi —	10.00	9.50	9.50
District Average.	10.32	10.26	10.37.

3. It will thus be seen that the price
 of rice was abnormally high over the
 warning rate for nearly a month
 and a half and this rise with high
 prices of other food stuffs and necessaries
 of life in the absence of any prospect
 of an early material fall is indeed a
 pressure sufficient to justify the grant
 of the allowance contemplated by the
 provisions of Section 72 Chapter 5 of
 the Civil Account Code.

4. The subordinates of my office and
 those of the Udipi Division have also
 made their representations praying
 for the concession allowed in the

Civil Account Code being granted
 on this occasion.

5. I would therefore recommend
 that the sanction of Government may
 be obtained for the disbursement of
 compensation for dearness of rice
 regulated in the Account Code
 with effect from April 1897.

6. I would propose the indulgence
 only to Mangalore and Udipi Taluks
 for the present and it may be extended
 to other Taluks as necessity arises.

Resolution

Recorded with reference to G. O.
 No: 2605 Dated 21st May 1897. The
 condition of the Malabar and
 South Canara districts are similar.
