Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture.)

Dated 3rd June 1897.

No. 4059 Mis

Resolution

The Famine Commissioner begs to report, for the information of Government, that his proceedings are now being issued as Board's Proceedings and sanction is solicited for the continuance of this practice. Any other course will break the continuity of the proceedings issued on the subject of the present distress and necessitate the maintenance of separate registers and records, involving the establishment of a large additional establishment. The Famine department is theoretically a department of the Board and it is not clear how in any other way a continuous record can be maintained. The Proceedings of course are and purport to be those of the Famine Commissioner only and not those of the Board. It would probably be better to head them

but in that case there would be a difficulty in registering and binding them. As the Famine department is always a part of one of the Board portfolios. The Board's proceedings in that department ought to contain all famine proceedings complete for future reference.
