PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from BANNATYNE MACLEOD, Esq., B.A., Barrister-at-Law, Acting Collector of Trichinopoly, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated 1st April 1897, Ref. on R. P. No. 125 :—

I have the honour to forward herewith the programme of famine-relief works for 1897-98 in the prescribed Forms Nos. I, II and III.

RESOLUTION—dated 22nd May 1897, No. 391.

The programme of famine-relief works for 1897-98 received from the Collector of Trichinopoly will be submitted for the information of Government.

2. Provision is made for the following—

2. Provision is made for the following:—

	Cost.
	LAHRS.
Irrigation works—	
Construction of 32 new works	
Repairs to existing ones	31.1
Forest-fencing works	2.4
Roads—	
Construction of 1,044 miles of new roads	6
Repairs of old ones	3.5
Improvement of drinking-water supply	8.3
Miscellaneous works	2.6
The last item includes a sum of Rs. 72,500 for	5.5

The last item includes a sum of Rs. 72,500 for works under the Land Improvement Loans Act. The total provision amounts to Rs. 54,02,633 which is estimated to be sufficient to provide work for 52 per cent. of the total population of the district for a period of three months in times of distress. The provision made is ample in all taluks except Musiri, where it is 6 per cent. below the minimum. This requires amplification.

3. Detailed estimates are stated

3. Detailed estimates are stated to be ready for works to cost Rs. 11,46,945, which is 21.5 per cent. of the total provision, exclusive of land improvement works, for which detailed estimates are not required.

4. The proportion of sanctioned to unsanctioned works is 1 to 18; certain large works in Musiri and Udaiyarpálaiyam taluks, for which estimates to the extent of Rs. 2,03,805 are ready, are shown under "unsanctioned." The Collector should take steps to get the estimates sanctioned in these cases at an early date.

5. The Collector will also report the result of the investigation of the Ponneri tank project in the Udaiyarpalaiyam taluk which is roughly estimated to cost 30 lakhs of rupees and which had been referred to in his letter No. 1437, dated 19th August 1896, and to have the estimate sanctioned in case the project is matured.

6. The following discrepancy is noticed in the statement A of Udaiyarpálaiyam taluk. The total for all other works under the head "Miscellaneous" is shown as Rs. 33,310 as the approximate cost of small works, whereas the details given therefor total up to Rs. 33,110. It is presumed that the entry of the former figure is a clerical error for the latter. The necessary correction has been made in the statement and the Collector is requested to alter his office copy.
