Letter No. 3043.

To

The Secretary to the Govt of India
Rev and agri: Dept.

Sir,

With reference to the provisions of Sec 24 of the Madras Forest Act V of 1882, I am directed to request that H.E. the Governor General in Council will be pleased to sanction the issue of the accompanying notification directing that the 33 reserved forests therein mentioned shall cease to be reserved from a date to be hereafter fixed by this Government.

2 Information regarding the situation of the reserves is given in the draft notification which has been prepared in accordance with the instructions contained in your Circular No 6 F dated 10th March 1892.

M.O 294
22.3.92

3 I am to state that the reserves are all below one square mile in area and the proposal to disafforest them (with the exception of Portions of ~~Kalavayi and~~ the Nayappakkam D reserves) is the result of the policy that no forest block below a Sq. mile in area shall be retained or constituted as a reserved forest except for special reasons.

The Kalavayi reserved forest is a block measuring 138 acres. Of this it is now proposed to disafforest only 68 acres consisting of assessed waste; the remaining portion being retained for the use of the artillery department. The Nayappakkam reserve measures on the whole aires 1370; of this area it is proposed to throw open 50 acres on the ground that it is necessary for the Arigalur village which has very little waste and that the reserve boundary abuts that village.

4 I am further to add that the local Revenue and Forest authorities agree to the proposed disafforestation.

proposed disafforestation.

Note. With this Current the Board submits the notifications called for in para 3 of the G.O 283 dt 23.6.96. The only discrepancy discoverable in the p.p. submitted is that the Mandiyur block in the Tiruvallur Taluk which was ~~represented in~~ shown in Appendix II to the Conservator's letter (p. 26 of G.O 283 dt 23.6.96 See 4) is now found to be an initially notified reserve. Its name is included in the Cancellation notification.
