Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture.)

Dated 2nd June 1897.

No. 4032 Mis

READ The following letter from the collector of
Ganjam dated 19th May 1897. Dis No $\frac{435}{7}$ 997.

I have the honour to
forward here with for approval
a list showing the circle Inspectors
appointed by me up to date and the
pay of each.

A Supplemental list will
be forwarded at the close of each
month.

2. 25 Circle Inspectors have
been already appointed, and I
calculate that 25 more are required
The full number is now required
both for Zemindary and Ordinary
tracts of The Head Quarters Deputy
Collector and Senior Assistant
Collector's divisions.

3. In The Principal assistant
collectors division 1 Government and
6. Zemindary Circle Inspectors at
least are required, while for The
General Deputy Collectors division
4. Government and 2 Zemindary
Circle Inspectors are urgently wanted.

4. The difficulty in procuring
suitable Bria knowing men is very
great, as the available supply from
this District appears to be exhausted,
I have addressed the collector of
buttock to see if he can render any
assistance by the deputation of sub-
ordinates from his Taluk offices.

Resolution

Approved:- The Famine Com-
missioner trusts that, when the lists
have been once properly made out,
the collector will be able to make
reductions in the number of circle
Inspectors. In Chicacole, for instance,
the Revenue Officers ought to be able
to do all that is necessary after
the first lists have been com-
pleted and checked. No reductions
can probably be made in the
tracts north of The Rushikuliya
as long as relief is necessary,
but elsewhere reductions will be
possible. If the monsoon is favour-
able, the Revenue Subordinates

Officers ought to be able to super-
-vise all relief in non-zemindari
tracts. The Famine Commission
has full confidence that the collectors
will do all he can to enforce
economy.
