Proceedings of the Board of Revenue  
(Land Revenue)

NO.1525 Misc.dated 27th April 1897.

Read the following letter from Surgeon-Major VanGeyzel, M.B., F.I.C., F.C.S., Chemical Examiner Madras to the Secretary to the Commissioners of Land Revenue Madras No.410 dated 13th April 1897:-

With reference to paragraph 2 of Board's Proceeding No.1357 dated 8th April 1897, I have the honor to ~~request~~ state --- that the information asked for is already contained in my letter - referred to in the Proceedings in which it is stated that the --- substances examined contained "free sulphur".

2. The expressions "sulphur<sup>and</sup> matter" "Petrified matter" and "black substance" were expressions with which the earths were labelled by the Collector of Godavari and they were repeated in my report merely to facilitate reference.

3. The samples of earth were not examined by me for - combined sulphur and the percentage amounts reported represent uncombined sulphur in octahedral form, scattered through the earth and visible to the naked eye. The sulphur was extracted with carbon bisulphate<sup>ide</sup> and weighed directly.

4. Not knowing that the matter had been under further investigation I have just mentioned it in my annual administration Report to Government in which I added that the subject deserved -- investigation with a view to ascertain the practicability of utili-<sup>ca</sup> sing the sulphur for conversion into sulphuric acid

Resolution.

Communicated to the Superintendent Geological Survey

Survey of India with reference to his letter No.157/R.S. dated 20th March 1897.

2. The Board would be glad to know whether it is proposed to take any steps for the investigation of the extent of the deposits and the practibility of working them.
