APRIL.

Relief charges.—Submitting to Government application for funds for — in the Ganjam district in 1896-97 and 1897-98.

PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following telegram from the Collector of Ganjām, to the Famine Secretary to the Board of Revenue, dated Chatrapur, 19th April 1897 :—

Please obtain Government sanction Rs. 6,000, Rushikulya surplus channel, number five, page twelve, district programme—*vide* my letter No. 320, Famine, dated 18th.

READ—also the following telegram from the Collector of Ganjām, to the Famine Secretary to the Board of Revenue, dated Chatrapur, 26th April 1897 :—

Please renew sanction Rs. 20,000 for weavers' advances.

READ—also the following letter from H. D. TAYLOR, Esq., Acting Collector of Ganjām, to the Famine Secretary to the Board of Revenue, dated Chatrapur, 16th April 1897, Dis. No. 320-F. :—

I have the honour to forward herewith a statement showing the expenditure actually incurred up to the end of March on account of famine and request sanction for the same.

2. The total expenditure is as follows :—

	RS.	A.	P.
(i) Gratuitous relief in Government institution	427	6	5
(ii) Gratuitous relief given at the houses of the people (grain doles)	1,378	11	5
(iii) Given in other ways	157	7	4
(iv) Relief to people employed otherwise than on relief works (sample cloths for weavers)	104	0	3
(v) Miscellaneous (construction of kitchens)	490	7	8
Total	2,558	1	1

3. There was no expenditure on account of establishment during the last official year. Two Circle Inspectors were entertained in February in the Tekkali taluk, but their pay was not drawn within the year. The figures quoted above are taken from the treasury account. The large expenditure incurred under (ii) as compared with (i) is due to the fact that grain doles had to be given pending the construction of kitchens to which a large portion of this expenditure is now being transferred.

4. The sum of Rs. 20,000 was placed at my disposal for relief to weavers in the last official year under G.O., No. 159, Financial, dated 17th February 1897, communicated with B.P., dated 27th February 1897, Mis. No. 1536. Owing, however, to the weavers refusing the C wage offered no direct expenditure under this head was incurred. The expenditure shown relates to cost of specimen thread and sample cloths which were necessary for the compilation of a task table.

5. In addition to the above I have the honour to request sanction for the following expenditure incurred on test works being the excess cost of the work over the value of the material turned out at ordinary rates. The expenditure has been incurred from Local funds and a refund of the excess to the District Board is now solicited under the terms of clause 1, paragraph 5 of Government of India resolution in B.P., dated 25th January 1897, No. 57 (Settlement). The total cost incurred on test works was Rs. 2,486-5-1, while work to the value of Rs. 1,680 was actually turned out leaving a net amount of Rs. 806-4-7 debitable to Famine.

6. I enclose a statement giving talukwar details of the estimated amount required for famine expenditure in April under each head and request that the funds may be placed at my disposal. Expenditure is going on in anticipation of sanction.

7. I propose to take in hand at a very early date the extension of the channel beyond the Chatrapur road. This is marked No. 5 on page 12 of the District Famine Programme. The estimate is now prepared and amounts to Rs. 6,000. It can, however, only be sanctioned as a famine work under 33.

The clearing of silt from the Ganjām-Chilkā canal is a useful work and is just where work is wanted, but it is not suited for a relief work. I shall also start operations at metal-beating for the East Coast Railway. I request that Rs. 15,000 may be placed at my disposal for this work for expenditure in April and May.

ENCLOSURE.
TALUKWAR statement showing famine expenditure up to 31st March 1897.

READ—also the following letter from H. D. TAYLOR, Esq., Acting Collector of Ganjām, to the Famine Secretary to the Board of Revenue, dated Chatrapur, 20th April 1897, C. No. 719-F:—

- I have the honour to request that funds may be placed at my disposal for the marginally-noted works which will have to be taken up as relief works in this district.
- | | |
|--|-----------|
| 1. Extending surplus channel beyond Chatrapur road ... | RS. 6,000 |
| 2. Ganjām Chilka canal silt ... | 5,500 |
| 3. Kallikōta-Boirani road ... | 12,000 |
| 4. Metal-breaking ballast for East Coast Railway ... | 15,000 |
| Total ... | 38,500 |

2. *Item No. 1.*—Sanction has been already applied for by wire. It will be a remunerative work and is No. 5 of page 12 in the famine programme of the district.

Item No. 2.—This is item No. 2 in page 24 of the famine programme. It is

not very suitable for a relief work, but the work is required and can only be sanctioned under famine. It will provide labour in a badly affected tract.

Item No. 3.—The sanctioned allotment for the current year is Rs. 15,000 only out of Rs. 71,200 in the estimate. I understand from the Executive Engineer that a large proportion has been already expended. This is item No. 1 in page 18 of the programme. I have asked the Executive Engineer to let me know what his probable additional requirement will be in consequence of relief works and have meantime provided for 2,000 coolies for six weeks with their dependants.

Item No. 4.—Provided for metal-breaking for ballast along the East Coast Railway. The railway has Rs. 17,500 provided in its budget for the current year, but require 40 lakhs of cubic feet of ballast at Rs. 20 per 1,000 cubic feet.

3. I request that very early sanction by wire may be accorded.

RESOLUTION—dated 28th April 1897, No. 324.

Submitted to Government.

2. In the papers read above, the Collector of Ganjām submits proposals for starting relief works in the district, and requests sanction for the same and allotment of funds therefor. He also applies for funds for gratuitous and other relief purposes, and requests further that sanction may be accorded for the expenditure actually incurred on account of "famine relief" in 1896-97.

3. The relief works proposed to be started and the funds required for them are—

	Amount of estimate.	Funds now applied for.
	RS.	RS.
(a) Surplus channel from Rushikulya canal below Chatrapur road	6,000	6,000
(b) Silt clearing in Chilka lake canal	5,500	5,500
(c) Construction of Kallikōta and Boirani road	71,200	12,000
(d) Breaking ballast for East Coast Railway	80,000	15,000
		38,500

The first three are Public Works Department works, and of these estimates for (a) and (b) have not yet been sanctioned. Item (b) is stated to be not very suitable for relief work, but is apparently the only work available in a badly affected tract. Item (c) is a sanctioned work, for which a sum of Rs. 15,000 has been allotted for the current year, part of which has already been spent, and the Collector estimates that Rs. 12,000 more will be required. It is requested that the Public Works Department may be directed to start these works as relief works and that the necessary funds may be allotted.

Revenue (1897) Department.

CURRENT No. 3602

4. The fourth work mentioned above is the one referred to in the correspondence ending with G.O., No. 210, Revenue, dated 26th March 1897. The East Coast Railway seems to have provided Rs. 17,500 for the work in its budget for the current year. The requirements of the railway in this and future years embrace, however, work costing Rs. 80,000 at ordinary rates, and the Collector requests an allotment of Rs. 15,000 for expenditure in April and May, which may be sanctioned. The Board considers that this, as well as other relief works in the district should be placed under the control of the Public Works Department, the staff of that department being strengthened for the purpose as early as possible. Meanwhile, the Collector will require an allotment of, say, Rs. 10,000, to cover the cost of works which will be carried out by other agency until the Public Works Department takes over charge. Any unspent balance will be transferred to the Public Works Department with the charge of the works.

5. As regards the funds required for gratuitous and other relief operations, the Collector's application covers only the requirements for the month of April. Considering, however, the amount of expenditure estimated under these heads in the Board's Proceedings, printed in G.O., No. 147, Revenue, dated 9th March 1897, the Board thinks that the following sums may be placed at the disposal of the Collector at once:—

	RS.
Gratuitous relief	50,000
Weavers' do.	25,000
Establishments	25,000
Total	100,000

Order

The sum of Rs. 2,000 required for loans for purchase of seed grain may also be sanctioned.

6. The actual expenditure in 1896-97 under "Famine relief" is reported to be only Rs. 3,364-5-8 as against an estimate of Rs. 22,000 (*vide* Board's Proceedings printed in G.O., No. 147, Revenue, dated 9th March 1897). The short expenditure was due to the fact that hardly any relief works were found necessary during the year, that relief to weavers was not started till after the close of the year and that gratuitous relief was administered on a limited scale. The actuals quoted include a sum of Rs. 806-4-7, which, the Collector states, is the excess over the normal cost of the Local Fund works undertaken as a test work by the Local Fund staff and which is therefore, under paragraph 5-I of the Government of India's Resolution, communicated with G.O., No. 750, dated 26th December 1896, debitable to famine relief; but it seems, however, doubtful whether, under the terms of G.O., No. 133, Financial, dated 8th February 1897, the refund to the Local Fund proposed by the Collector is necessary.

7. It is requested that the orders of Government on these Proceedings may be communicated to the Collector by wire.

(Revenue Settlement, Land Records and Agriculture.)

Dated 28th April 1897.

No. 324 Press

Read The following Telegram from the
Collector of Ganjam, dated 19th April 1897:-

"Please obtain Government sanction
rupees six thousand. Rushikulya surplus
Channel Number five page twelve District
Programme vide my letter 320 Famine
dated eighteenth".

Not read by
Court.

Read also the following Telegram
from the Collector of Ganjam, dated
20th April 1897:-

x vide Comd 1048
2227
(Reg A) "Please renew sanction twenty thousand
for weavers' advances."

Read^{also} the following letter from the
Collector of Ganjam, dated 16th April 1897

Disposal

Proposal No 320:-

I have the honor to —
forward herewith a statement
showing the expenditure actually
incurred up to the end of March
on account of Famine and request
sanction for the same.

2. The total expenditure is
as follows:-

i. Gratuitous relief in Government institution	} Rs. a - n 427 - 6 - 5
ii. Do — Given at the houses of the people (grain doles)	} 1378 - 11 - 5
iii. Given in other ways	— 157 - 7 - 4
iv. Relief to people employed otherwise than on relief works (Sample cloths for weavers)	} — 104 - 0 - 3
v. Miscellaneous (Construction of kitchens)	490 - 7 - 8
	2558 - 1 - 1

3. There was no expenditure
on

On account of establishment
during the last official year.
Two circle Inspectors were
entertained in February in
the Lekkali Taluq. but their pay was
not drawn within the year. The
figures quoted above are taken
from the Treasury account. The
large expenditure incurred under
ii, as compared with i, is due
to the fact that grain-doles had
to be given, pending the construction
of kitchens, to which a large portion
of this expenditure is now being
transferred.

4. The sum of Rs 20,000 was
placed at my disposal for relief
to weavers in the last official
year under Government Order,

Reg. H 159 dated 17th February 1897 Finance
Commissioner

Communicated with Board's
Proceedings No 1536-Mis dated
27th February 1897. Owing, however,
to the weavers refusing the
the wage offered, no direct expenditure
under this head was incurred.

The expenditure shown relates
to cost of specimen thread and
sample cloths, which were
necessary for the compilation
of a task table.

5. In addition to the above,
I have the honor to request
sanction for the following
expenditure incurred on Fest
works, being the excess cost
of the work over the value
of the material turned out
at ordinary rates. The expenditure
has

Key B

Who actually
did it?

has been incurred from Local
funds and a refund of the
excess to the District Board
is now solicited under the terms
of clause 1 para 5 of Government
of India Resolution in B. P. No 57
dated 25th January 1897 (Sett). The
total cost incurred on Festworks
was Rs 2,486-5-7, while work
to the value of Rs 1,680 was
actually turned out leaving a
net amount of Rs 806-4-7 debitable
to Famine.

6. I enclose a statement giving
Taluzwar details of the estimated
amount required for Famine expenditure
in April under each head
and request that the funds
may be placed at my disposal.
Expenditure is going on in anticipation
of sanction.

7. I propose to take in hand at a very early date the extension of the channel beyond the Chatrapore road. This is marked No 5 on page 12 of the District Famine Programme. The estimate is now prepared and amounts to Rs 6,000. It can, however, only be sanctioned as a Famine work under 33.

The clearing of silt from the Ganjam - Chilka canal is a useful work and is just where work is wanted, but it is not suited for a relief work. I shall also start operations at Metal ^{breaking} for the East Coast Railway. I request that Rs 15,000 may be placed at my disposal for this

- * 1. Extending surplus channel beyond Chatrapur road - Rs 6,000
- 2. Ganjam - Chilka Canal - silt - Rs 5,500
- 3. Ganjam - Borauni road - Rs 12,000
- 4. Metal ^{breaking} Ballast for East Coast Railway - Rs 15,000

this work for expenditure in April and May
the following
Read also letter from the Collector of Ganjam, dated 20th April 1897 C No 719 :-

I have the honor to request that funds may be placed at my disposal for the marginally noted works, which will have to be taken up as Relief works in this district

2. Item No 1. Sanction has been already applied for by wire. It will be a remunerative work and is No 5 of page 12 in the Famine Programme of the District

Item No 2 This is Item No 2 of in page 24 of the Famine Programme. It is not very suitable for a relief work.

work but the work is required and can only be sanctioned under famine. It will provide labour in a badly affected tract.

Item No 3. The sanctioned allotment for the current year is Rs 15,000 only out of Rs 71,200 in the estimate. I understand from the Executive Engineer that a large proportion has been already expended. This is

Item No 1 in page 18 of the Programme. I have asked the Executive Engineer to let me know what his probable additional requirement will be in consequence of relief works and have meantime provided for 2000 cookies for six weeks with their dependants.

Item No 4. Provided for metal breaking for ballast along the

the East Coast Railway. The Railway has Rs 17500 provided in its budget for the current year, but require 40 lakhs of cubic feet of ballast at Rs 20 per 1000 cubic feet.

3 I request that very early sanction by wire may be accorded

Resolution

Submitted to Government

2 In the papers read above, the Collector of Ganjam submits proposals for starting relief works in the district, and requests sanction for the same and allotment of funds therefor. He also applies for funds for Antons and other relief purposes.

3 I request further that sanction may

may be accorded for expenditure actually incurred on account of 'Famine Relief' in 1896-97.

3. The relief works proposed to be started and the funds required for them are:—

	Amount of estimate	Funds now applied for
A Surplus channel from Rushikulya canal below Chatrapur road —	Rs 6,000	Rs 6,000
B Silt clearing in Chilka lake & canal	5,500	5,500
C Construction of Halliketa and Boyirani road —	71,200	12,000
D Breaking ballast for East Coast Railway	80,000	15,000
		<u>38,500</u>

The first three are P.W.D. works, and of these, estimates for (a) and (b) have not yet been sanctioned. Item (b) is stated to be not very suitable for relief work, but apparently the only work available in a badly affected tract. Item (c)

is a sanctioned work, for which a sum of Rs 15,000 has been allotted for the current year, part of which has already been spent, and the Collector estimates that Rs 12,000 more will be required. It is requested that the P.W.D. may be directed to start these works as relief works and that the necessary funds may be allotted.

4. The fourth work mentioned above is the one referred to in the correspondence ending with G. O. No 210 Revenue dated 26th March 1897. The East Coast Railway seems to have provided Rs 17,500 for the work in its budget for the current year. The requirements of the Railway in this and future years embrace, however, work costing Rs 80,000 at ordinary rates, and the Collector requests an allotment of Rs 15,000 for

Flag C

for expenditure in April and
in May which may be sanctioned.

2. The Board considers that this,
of as well as other relief works
3. in the district should be placed
under the control of the P.W.D.,
the staff of that department being
strengthened for the purpose, as
4. early as possible. Meanwhile the
Collector will require an
allotment of, say Rs 10,000 to
cover the cost of works which will
be carried out by other agency until the P.W.D.
takes over charge. Any unspent balance will be
transferred to the P.W.D. with the charge of the
works.

5. As regards the funds
required for gratuitous and
other relief operations, the
Collector's application covers
only the requirements for
the month of April. Considering,
however, the amount of expenditure
estimated

estimated under these heads
in the B.P. Printed in G.O. No
147 Rev. dated 9th March 1897,
the Board thinks that the following
sums may be placed at the
disposal of the Collector at
once: —

Gratuitous relief	Rs 5,000
Measur relief	25,000
Establishments	25,000
	100,000

The sum of Rs 2000 required
for loan for purchase of seed
grain may also be sanctioned.

6. The actual expenditure in
1896-97 under 'Famine Relief' is
reported to be only Rs 3364-5-8
as against an estimate of —
Rs 22,000 (vide B.P. Printed in
G.O. No 147 Rev dated 9th March 1897)

The short expenditure was due to the fact that hardly any relief works were found necessary during the year, that relief to weavers ^{was} ~~was~~ not started till after the close of the year and that gratuitous relief was administered on a limited scale. The actuals quoted include a sum of Rs 806-4-7, which, the collector states, is the excess over the normal cost of the Local Fund works undertaken as a test work by the Local Fund staff and which is therefore, under para 5 I of the Government of India's Resolution Communicated with G.O. No 750 dated 26th December 1896, ^{and} ~~and~~ E debitable to Famine relief; but it seems, however, doubtful, ^{whether}

Feb 7.

whether, under the terms of G.O. No 133 Financial dated 8th February 1897, the refund to the Local Fund proposed by the Collector is necessary —
7. It is requested that the orders of Government on these proceedings may be communicated to the Collector by wire.

The Hon. Mr. Bliss C. J.
H. L. the Governor.

C No. 3602/87

From the Board of Revenue (Lett)

Dated 28-4-1897.

FOR ORDERS.

The Collector of Bangam
applies for sanction to the expenditure
incurred on famine relief in 1896-97
and for an allotment of funds for
1897-98.

2. Rs 2558-1-1 has
been spent in gratuitous relief and
in connection with weavers' relief
in 1896-97. This amount may be
sanctioned.

3. The Collector applies also
for a sum of Rs 806-4-7 to be
credited to Local Funds, being the
excess over the normal cost in
respect of a Local Fund work carried
out in 1896-97. As pointed out by
the Board, the matter is covered by
para 6(a) of C. G. $\frac{133}{8.2.97}$ Financial,
and there is now no hurry about
the adjustment mentioned in para 9
of the C. G.

4. As regards 1897-98,

Yes

in para 3 of the R.P. all relief works in the district will be carried out by the P.W.Ds.

3. Sanction is accorded for the expenditure of Rs 2558-1-1 ^{incurred in 1896-97 and detailed in statement No 1 appended to the Collector's letter of the 16th April 1897.} The adjustment of the accounts between Local and Provincial suggested in para 5 of this letter will be considered later on.

MAY.

Famine.

Passing orders on Board's Proceedings recommending that funds may be placed at the disposal of the Collector of Ganjam for expenditure in 1897-98 on gratuitous and other relief operations, and according sanction for the expenditure of Rs. 2,558-1-1 incurred in 1896-97.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 28th April 1897, No. 324:—

Read—the following telegram from the Collector of Ganjám, to the Famine Secretary to the Board of Revenue, dated Chatrapur, 19th April 1897:—
Please obtain Government sanction Rs. 6,000, Rushikulya surplus channel, number five, page twelve, district programme—*vide* my letter No. 320, Famine, dated 18th.

Read—also the following telegram from the Collector of Ganjám, to the Famine Secretary to the Board of Revenue, dated Chatrapur, 20th April 1897:—
Please renew sanction Rs. 20,000 for weavers' advances.

Read—also the following letter from H. D. TAYLOR, Esq., Acting Collector of Ganjám, to the Famine Secretary to the Board of Revenue, dated Chatrapur, 16th April 1897, Dis. No. 320-F.:—

I have the honour to forward herewith a statement showing the expenditure actually incurred up to the end of March on account of famine and request sanction for the same.

2. The total expenditure is as follows:—

	RS.	A.	P.
(i) Gratuitous relief in Government institution ...	427	6	5
(ii) Gratuitous relief given at the houses of the people (grain doles) ...	1,378	11	5
(iii) Given in other ways ...	157	7	4
(iv) Relief to people employed otherwise than on relief works (sample cloths for weavers) ...	104	0	3
(v) Miscellaneous (construction of kitchens) ...	490	7	8
Total ...	2,558	1	1

3. There was no expenditure on account of establishment during the last official year. Two Circle Inspectors were entertained in February in the Tekkali taluk, but their pay was not drawn within the year. The figures quoted above are taken from the treasury account. The large expenditure incurred under (ii) as compared with (i) is due to the fact that grain doles had to be given pending the construction of kitchens to which a large portion of this expenditure is now being transferred.

4. The sum of Rs. 20,000 was placed at my disposal for relief to weavers in the last official year under G.O., No. 159, Financial, dated 17th February 1897, communicated with B.P., dated 27th February 1897, Mis. No. 1536. Owing, however, to the weavers refusing the C wage offered no direct expenditure under this head was incurred. The expenditure shown relates to cost of specimen thread and sample cloths which were necessary for the compilation of a task table.

5. In addition to the above I have the honour to request sanction for the following expenditure incurred on test works being the excess cost of the work over the value of the material turned out at ordinary rates. The expenditure has been incurred from Local funds and a refund of the excess to the District Board is now solicited under the terms of clause 1, paragraph 5 of Government of India resolution in B.P., dated 25th January 1897, No. 57 (Settlement). The total cost incurred on test works was Rs. 2,486-5-1, while work to the value of Rs. 1,680 was actually turned out leaving a net amount of Rs. 806-4-7 debitable to Famine.

6. I enclose a statement giving talukwar details of the estimated amount required for famine expenditure in April under each head and request that the funds may be placed at my disposal. Expenditure is going on in anticipation of sanction.

7. I propose to take in hand at a very early date the extension of the channel beyond the Chatrapur road. This is marked No. 5 on page 12 of the District Famine Programme. The estimate is now prepared and amounts to Rs. 6,000. It can, however, only be sanctioned as a famine work under 33.

The clearing of silt from the Ganjám-Chilka canal is a useful work and is just where work is wanted, but it is not suited for a relief work. I shall also start operations at metal-beating for the East Coast Railway. I request that Rs. 15,000 may be placed at my disposal for this work for expenditure in April and May.

ENCLOSURE.
TALUKWAR statement showing famine expenditure up to 31st March 1897.

Read—also the following letter from H. D. TAYLOR, Esq., Acting Collector of Ganjām, to the Famine Secretary to the Board of Revenue, dated Chatrapur, 20th April 1897, C. No. 719-F:—

I have the honour to request that funds may be placed at my disposal for the marginally-noted works which will have to be taken up as relief works in this district.

	RS.
1. Extending surplus channel beyond Chatrapur road ...	6,000
2. Ganjām Chilka canal silt ...	5,500
3. Kallikōta-Boirani road ...	12,000
4. Metal-breaking ballast for East Coast Railway ...	15,000
Total ...	38,500

2. Item No. 1.—Sanction has been already applied for by wire. It will be a remunerative work and is No. 5 of page 12 in the famine programme of the district.

Item No. 2.—This is item No. 2 in page 24 of the famine programme. It is not very suitable for a relief work, but the work is required and can only be sanctioned under famine. It will provide labour in a badly affected tract.

Item No. 3.—The sanctioned allotment for the current year is Rs. 15,000 only out of Rs. 71,200 in the estimate. I understand from the Executive Engineer that a large proportion has been already expended. This is item No. 1 in page 18 of the programme. I have asked the Executive Engineer to let me know what his probable additional requirement will be in consequence of relief works and have meantime provided for 2,000 coolies for six weeks with their dependants.

Item No. 4.—Provided for metal-breaking for ballast along the East Coast Railway. The railway has Rs. 17,500 provided in its budget for the current year, but require 40 lakhs of cubic feet of ballast at Rs. 20 per 1,000 cubic feet.

3. I request that very early sanction by wire may be accorded.

Resolution—dated 28th April 1897, No. 324.

Submitted to Government.

2. In the papers read above, the Collector of Ganjām submits proposals for starting relief works in the district, and requests sanction for the same and allotment of funds therefor. He also applies for funds for gratuitous and other relief purposes, and requests further that sanction may be accorded for the expenditure actually incurred on account of "famine relief" in 1896-97.

3. The relief works proposed to be started and the funds required for them are—

	Amount of estimate.	Funds now applied for.
	RS.	RS.
(a) Surplus channel from Rushikulya canal below Chatrapur road ...	..	..
(b) Silt clearing in Chilka lake canal ...	6,000	6,000
(c) Construction of Kallikōta and Boirani road ...	5,500	5,500
(d) Breaking ballast for East Coast Railway ...	71,200	12,000
	80,000	15,000
		38,500

The first three are Public Works Department works, and of these estimates for (a) and (b) have not yet been sanctioned. Item (b) is stated to be not very suitable for relief work, but is apparently the only work available in a badly affected tract. Item (c) is a sanctioned work, for which a sum of Rs. 15,000 has been allotted for the current year, part of which has already been spent, and the Collector estimates that Rs. 12,000 more will be required. It is requested that the Public Works Department may be directed to start these works as relief works and that the necessary funds may be allotted.

4. The fourth work mentioned above is the one referred to in the correspondence ending with G.O., No. 210, Revenue, dated 26th March 1897. The East Coast Railway seems to have provided Rs. 17,500 for the work in its budget for the current year. The requirements of the railway in this and future years embrace, however, work costing Rs. 80,000 at ordinary rates, and the Collector requests an allotment of Rs. 15,000 for expenditure in April and May, which may be sanctioned. The Board considers that this, as well as other relief works in the district should be placed under the control of the Public Works Department, the staff of that department being strengthened for the purpose as early as possible. Meanwhile, the Collector will require an allotment of, say, Rs. 10,000, to cover the cost of works which will be carried out by other agency until the Public Works Department takes over charge. Any unspent balance will be transferred to the Public Works Department with the charge of the works.

5. As regards the funds required for gratuitous and other relief operations, the Collector's application covers only the requirements for the month of April. Considering, however, the amount of expenditure estimated under these heads in the Board's Proceedings, printed in G.O., No. 147, Revenue, dated 9th March 1897, the Board thinks that the following sums may be placed at the disposal of the Collector at once:—

	Rs.
Gratuitous relief	50,000
Weavers' do.	25,000
Establishments	25,000
Total	1,00,000

The sum of Rs. 2,000 required for loans for purchase of seed grain may also be sanctioned.

6. The actual expenditure in 1896-97 under "Famine relief" is reported to be only Rs. 3,364-5-8 as against an estimate of Rs. 22,000 (*vide* Board's Proceedings printed in G.O., No. 147, Revenue, dated 9th March 1897). The short expenditure was due to the fact that hardly any relief works were found necessary during the year, that relief to weavers was not started till after the close of the year and that gratuitous relief was administered on a limited scale. The actuals quoted include a sum of Rs. 806-4-7, which, the Collector states, is the excess over the normal cost of the Local Fund works undertaken as a test work by the Local Fund staff and which is therefore, under paragraph 5-I of the Government of India's Resolution, communicated with G.O., No. 750, dated 26th December 1896, debitable to famine relief; but it seems, however, doubtful whether, under the terms of G.O., No. 133, Financial, dated 8th February 1897, the refund to the Local Fund proposed by the Collector is necessary.

7. It is requested that the orders of Government on these Proceedings may be communicated to the Collector by wire.

(True Copies and Extract.)

(Signed) L. E. BUCKLEY,
Famine Secretary.

To the Secretary to Government, Revenue Department.
" Collector of Ganjam.

ORDER—No. 320, Revenue, dated 12th May 1897.

Miscellaneous.

The recommendations of the Board of Revenue are approved. Orders will issue in the Financial Department for

placing at the Collector's disposal a sum of Rs. 1,12,000 as particularized below for expenditure on famine relief in 1897-98:—

	Rs.
Gratuitous relief	50,000
Weavers' "	25,000
Establishments	25,000
Expenditure on works prior to being taken over by the Public Works Department	10,000
Seed grain advances	2,000
Total	1,12,000

2. An allotment of Rs. 38,500 will also be sanctioned in the Financial Department for the four works mentioned in paragraph 3 of the Board's Proceedings. All relief-works in the district will be carried out by the Public Works Department.

3. Sanction is accorded for the expenditure of Rs. 2,558-1-1 incurred in 1896-97 and detailed in statement No. 1 appended to the Collector's letter of the 16th April 1897. The adjustment of the accounts between Local and Provincial suggested in paragraph 5 of this letter will be considered later on.
