With reference to B. P. No. 3115-Mis/4-5-97, Rev. Sett., Land Records and Agriculture, pointing out certain discrepancy in the Famine Programme of 1896-97, I have the honour to state that the list of works submitted with this office Report 1598/12-4-97 for Rs. 110,886/- included only works added to the original Programme of 1896-97 during the December quarter, without taking into account the variations due to the omissio

omission of works found unsuitable for famine labour and the increase and decrease consequent on preparation or revision of estimates for works for which lump sums were provided in the original programme.

2. The actual increase in the revised programme over the original programme of 1896-97, i.e., Rs. 2,10,603/- is clearly worked out in the accompanying Statement (A), and revised lists of works added to, and removed from, the original programme are also submitted as the previous lists are found to be incorrect in some cases.
