PROCEEDINGS OF THE BOARD OF REVENUE
(LAND REVENUE).

READ—the following letter from J. N. ATKINSON, Esq., Collector of Kistna, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Northern Circle), dated Masulipatam, 5th October 1896, R. C. No. 565-Forest:—

I have the honour to forward herewith a draft notification under section 4 for the reservation of Muttayapalem extension No. 1 block with an acreage of 4,302 acres.

2. The area was originally selected by Deputy Ranger A. N. Bhujanga Rao in October 1893, but was modified by the District Forest-officer after inspection in September 1894, when he made the survey of the original reserve.

3. The boundary of the original reserve was so inaccurately described that a revised notification had to be sent in and this and the preparation of maps in the Survey office had caused the delay in the notification of this block. The area was demarcated in February last, and the maps received back from the Survey office last month.

4. This area was originally selected as extension No. 5; but as the remarks of the Board in Proceedings, Forest Mis. No. 149, dated 31st January 1896, relative to the reservation of extension No. 2 apply more or less to the whole of extensions Nos. 1 to 4, those extensions have been abandoned.

5. It is probable that the western boundary will have to be altered at settlement. There are some lands included in this block which, with a portion of the reserve, it may be advisable to throw out at settlement. These lands are subsequent fields and have lately been surveyed by the Survey department, but plans have not yet been published; but it is not advisable to detain the initial notification until they are so.

6. The forest growth is mangrove near the creeks and soapnut jungle (containing nim, soapnut, pala, &c.) towards the northern and western sides.

7. About 700 acres have been left out for extension of cultivation and communal rights, and probably at least another 300 will be thrown out at settlement; and this should be ample provision for the villagers.

8. The statement of area and condition and demarcation certificate are herewith sent.
