Despatch from H.M's Secretary of State for India, to the Government of India, No.75 Revenue dated 6th May 1897.

I have received your letter, No.173, (Revenue and Agricultural), of the 30th December last, enclcsing the formal receipt of the Government of the North Western Provinces and Oudh of the five consignments of carrot seed recently despatched to them in accordance with Your Excellency's telegram of the 20th October 1896, through Messrs. James Carter & Company of London.

2. I am glad to hear of the arrival of the seed in good condition, and shall await with interest the further reports I am to expect to receive on the degree of success, which has attended this experiment, as an attempt to mitigate the effects of the famine now prevailing in the North Western Provinces.

3. As it was advisable to place a connected account of all that was done in the matter on permanent record, a Memorandum has been prepared by Sir George Birdwood on the purchase and shipment of the carrot seed, and I herewith forward 75 copies of the same for such distribution in India as you may deem advisable.
