JUNE.

Forwarding to Collectors for verification and completion statements showing the alienations of land and land revenue sanctioned during 1896-97.

PROCEEDINGS OF THE BOARD OF REVENUE (LAND REVENUE).

RESOLUTION—No. 208, dated 19th June 1897.

The accompanying statements, which show the alienations of land and land revenue sanctioned during 1896-97, have been compiled chiefly from the records of this office, as several district returns have not yet been received, and those already received are mostly incomplete. The statements, which have been prepared, as far as possible, in accordance with the instructions contained in Board's Proceedings, No. 67, dated 22nd February 1897, will be forwarded to Collectors for verification before submission to Government.

2. In the statements, there are several blanks to be filled up; and, with few exceptions, neither statement includes the grant of compensation sanctioned by Col. which Collectors are competent to sanction on their own authority under paragraph 3 of Standing Order No. 12-A. The omissions should be supplied.

3. Under paragraph 7 of Board's Proceedings, No. 67, dated 22nd February 1897, it is necessary that each case in which land is alienated and in which the assessment on the land is also remitted should be shown in statement II as well as in statement I. To comply with this requirement, the following information should be furnished:—

Where the estimated yearly rent value in column 4 of statement No. I is not identical with the annual assessment, the assessment should be separately entered. In the case of poramboke lands the assessment should be fixed at the rates charged on lands of similar quality in the neighbourhood.

4. The Collector of Kistna is in doubt whether the following classes of cases should be included in, or excluded from, the annual statements:—

(1) Lands sold subject to assessment for purposes of cultivation, such as tank-bed lands and lands under project works, and

(2) Revenue remitted on lands acquired for public purposes.

The Collector will be informed that neither of these classes should be included in the annual returns.

5. Collectors are requested to treat the present reference as urgent and to submit their replies with as little delay as possible. Revised returns should be furnished when the alterations required are numerous, and *nil* returns when no modifications have to be reported. Column 3 of statement II should be left blank in cases where deductions from the gross beriz of villages have been sanctioned by way of compensation.

6. A copy of these Proceedings will be submitted for the information of Government.

(True Extract.)

Acting Secretary.
