Proceedings of the Board of Revenue

(Land Revenue)

Forest NO 600 Misc, dated 24th June 1897

Read endorsement of the Conservator of Forests Southern Circle, dated 4th June 1897, R.C. NO 4565 forwarding the following letter from the Collector of Madura, dated 27th May 97 R.C. NO 2166 to the Secretary to the Commissioners of Land Revenue, Madras.

I have the honor to bring to notice that in this District the maximum fees have been and are being levied and I presume that in view of what is stated in paragraph 3 of the Government Order, they may be continued and the rates in the rules published accordingly in the District Gazette. The rates have been collected without difficulty and there has been no complaint and the grazing revenue has increased under them.

Resolution.

Submitted to Government.

2 In G.O. NO 553, dated 14th August 1895 it was ruled that a rate of three-fourths of the prescribed maximum grazing fees should be charged generally except in those districts in which as in Kistna the maximum fees were being charged and collected without difficulty. The levy of maximum fees in the Kistna Dt was authorised by a special order of Government, but it does not appear that any such order was passed in the case of Madura - prior to the abolition of the distinction, between agricultural and other cattle it seems to have been the custom in the District to charge half the sanctioned maximum rates on a certain number

of the cattle sent for grazing by each ryot calculated on the acreage of his holding and the maximum rates on the rest since the promulgation of the Government Order quoted above, however, the maximum fees seem to have been charged on all cattle alike under a misconception of the meaning of the exception contained in the penultimate sentence of para 2 of the G.O.As, however, it is reported that the sanctioned maximum fees rates are now being charged on all classes of cattle and collected without difficulty, the Board recommends that the levy of these fees may be formally sanctioned.
