PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following.

From the Superintending Engineer, I. Birch, No. 187 G. L., dated 2nd June 1897:—

With reference to G.O. No. ^{1210 W.} ~~11-5-97~~, I have the honour to report that no extraordinary delay has occurred in the supply of tools to Revenue Department for famine works.

2. The Executive Engineer, Vizagapatam Division, was instructed in this office No. ¹⁶⁻¹¹⁻⁹⁶ ~~636 V. Z.~~ to obtain from the P.W. Stores, Madras, in communication with the Collector the number of tools of various descriptions required for famine works by submission of an indent through this office.

3. Indents were accordingly received from the Executive Engineer and transmitted as quickly as possible to the General Superintendent, P.W. Stores, Madras, for early compliance.

4. A statement is enclosed showing the dates on which requests were made by the Collector and those on which indents were sent to the General Superintendent and complied with. Dates of issues of the tools are also given in the statement.

5. Papers connected with famine works are always.

always treated and dealt with as urgent, but as the officers of the Department are constantly on the move, there is always a little delay in signing papers and issuing orders, but no unnecessary ^{or} extraordinary delay was allowed to occur in the despatch of incidents.

6. Some tools were also obtained by the Executive Engineer direct from the General Superintendent to avoid delay.

7. A statement showing the famine tools now in stock in Vizagapatam Division is also herewith forwarded for your information.

Order thereon: N^o 1730 W 27 30. 697

Communicated to the Revenue Department, with reference to G.O. No. 290, Rev. dated 3- May 1897.
