Extract from letter No. 4894 B of the Executive
16.6.97
 Engineer Bellary to the Collector of Bellary.

"With reference to your No: 2179 dated
 9th June 1897, I have the honor to report
 that I regret that para 1 of this Office
 No: 3577 B was badly worded and no
 doubt conveyed a wrong impression
 to you. I should have said "The Superintending
 Engineer has approved of the estimate
 and has approved of my putting the work
 in hand in anticipation of your
 sanction".

Proceedings of the Board of Revenue

(Revenue Settlement, Land Records and Agriculture),

Dated 30th June — 1897.

No. 4725-Mis:-

READ the following letter from the Collector of Bellary
dated 22nd June 1897 No. 3789 Dis: —

Adverting to the statement regarding the
Chinnabahalum tank in my fortnightly
narrative for the 2nd fortnight of May 1897,
I have the honor to forward herewith extract
of para 1 of Executive Engineer's letter No. ⁴⁸⁹⁴16.6.97
from which it will be seen that he was wrong
in stating that the Superintending Engineer
directed him to start the work. The Superintending
Engineer appears to have approved of his putting
the work in hand in anticipation of my sanction,
but he did not direct him to do. The work
was not suitable for the employment of relief
workers, and I have not at present included
it in my programme.

Resolution

Resolution

Communicated to Government in continuation
of Board's Proceedings No. 435 dated 14th June
1897. It is requested that the remotes on
the subject of the Superintending Engineer's
Action with regard to the Chinnatambalam
tank work may be regarded as withdrawn
under the circumstances now explained.
