The Board's attention is called to the
question raised in the message marked
with red pencil, about starting works in
anticipation of monsoon. The B. might mention such
works, if they thought.

SUBJECT.

Requesting to circulate
for orders letter from 18/5/97
H. D. Taylor, Ag. Collector of
Gangam.

In view of the fact as above I have
seen C No 3704 in the Board
papers has the address of Village.
and he intended to buy in stocks of grain
giving him a small extra
remuneration. I don't like the
idea, but I think the experiment
should be tried.
14/5/97

I do not remember any report
about grain depots. Probably the
BD has got one & will submit
it for orders.

The part of the B.D. about
getting own subs for Cutback
may be communicated to the
C.E. Mr. Le Fourn's observation
on the want of such subs. in
Gangam was communicated to
the C.E. & he doubted the accuracy
of the report made to the Supt. Engineer.

My dear Mr. Pinn

In acknowledging
receipt of your letter of 29th ult.,
I have to thank His Excellency
for the interest evinced by him in
my work, and the liberal manner
in which my application for
additional assistance has been
met.

In regard to the question of an
immediate visit on the part of
His Excellency to this District,
I am of opinion that, however
much such an act would be
appreciated by the people, yet
for the present such a visit
might perhaps retard the work
of organization of relief, to
which I have to devote my
entire personal attention for the
next six weeks.

Q. Q. (Press) No 3638/20th May 1897

The Govt understands that
 in the district of Rajahmundry
 it will be necessary to undertake
 the construction and repair of
 village tanks ^{as relief works} in remote & irregular
 villages ~~for purposes~~ No estimates are
 however ready for any of these works
 and as ^{the} formal sanction of these
 works in the regular course will
 involve considerable delay the Board
 of P.W.D. is authorized to order the
 opening of such of them as it
 considers necessary for purposes
 of relief in anticipation of
 sanction
